## **Living Religions Fisher 8th Edition:**

**Teaching Interreligious Encounters** Marc A. Pugliese, Alexander Y. Hwang, 2017-08-01 In *Teaching Interreligious Encounters* Marc A. Pugliese and Alexander Y. Hwang have gathered together a multidisciplinary and international group of scholar teachers to explore the pedagogical issues that occur at the intersection of different religious traditions. This volume is a theoretical and practical guide for new teachers as well as seasoned scholars. It breaks the pedagogy of interreligious encounters down into five distinct components. In the first part, essays explore the theory of teaching these encounters; in the second, essays discuss course design. The parts that follow engage practical ideas for teaching textual analysis practice and real-world application. Despite their disciplinary, contextual, and methodological diversity, these essays share a common vision for the learning goals and outcomes of teaching interreligious encounters. This is a much-needed resource for any teacher participating in these conversations in our age of globalization and migration with its attendant hopes and fears. **Living**

**Religions** Mary Pat Fisher, 2010 *Living Religions* now in its eighth edition is a highly readable and stimulating survey of the world's major religious traditions. It provides a clear and straightforward account of the development, doctrines, and practices of the major faiths with an emphasis on the personal consciousness of believers and their own accounts of its relevance in contemporary life. The book also describes new and emerging religious movements and explores the attitudes of various faiths towards issues such as the role of women, the environment, and society, as well as covering the disturbing rise in violence perpetrated in the name of religion. Highly illustrated with photographs, maps, and timelines, this is the leading overview of the modern religious world. **World Religions in Practice** Paul Gwynne, 2017-08-07 A new and expanded

This comparative study is enriched and broadened with the inclusion of a sixth religion, Daoism. Takes a thematic, comparative, and practical approach; each chapter explores a series of key themes including birth, death, ethics, and worship across all six religions at each time. Broadens students' understanding by offering an impartial discussion of the similarities and differences between each religion. Includes an increased range of student-friendly features designed to allow students to engage with each religion and extend their understanding. **Learning from Other Religions** David Brown, 2023-11-16 A
