Le Temps De L'histoire:

Le temps de l'histoire Philippe Ariès, 1986 Tout en conservant et en perfectionnant son outillage scientifique de recherche l'Histoire se conçoit comme un dialogue où le présent n'est jamais absent Elle abandonne cette indifférence que les maîtres d'autrefois s'efforçaient de lui imposer L'historien d'aujourd'hui reconnaît sans honte qu'il appartient au monde moderne et qu'il travaille à manifester et répondre aux inquiétudes qu'il partage de ses contemporains Son optique du passé demeure la même et son présent un présent qui n'est pas seulement une référence de méthode D'ordinaire l'Histoire cesse d'être une science sereine et indifférente Elle s'ouvre au souci contemporain dont elle devient une manière d'être dans le temps de l'homme moderne A une civilisation qui limine les différences l'Histoire doit restituer le sens perdu des particularités Philippe Ariès Philippe Ariès 1914 1984 a critiqué notamment L'Enfant et la vie familiale sous l'Ancien régime et L'Homme devant la mort L'amitié de l'histoire Chapitre I Un enfant découvre l'histoire Chapitre II L'histoire marxiste et l'histoire conservatrice Chapitre III L'engagement de l'homme moderne dans l'histoire Chapitre IV L'attitude devant l'histoire au Moyen Âge Chapitre V L'attitude devant l'histoire le XVIIIe siècle Chapitre VI L'histoire scientifique Chapitre VII L'histoire existentielle Chapitre VIII L'histoire dans la civilisation moderne Annexes *La Philosophie de l'histoire et la pratique historique d'aujourd'hui* David Carr, 1982 Annotation Le but de ce livre est de promouvoir un échange de vues entre philosophes et historiens sensible aux chevauchements de la philosophie contemporaine de l'histoire et de la théorie de la pratique historique d'aujourd'hui The purpose of this book is to encourage an exchange of views between philosophers and historians interested in the overlap between contemporary philosophy and theory of historical practice **Catalogue de l'histoire de la Grande-Bretagne** Bibliothèque nationale (France). Département des livres imprimés, 1878 **Catalogue de l'histoire de la Grande-Bretagne** Paris bibl. nat., dépt. des imprimés, 1878 **Cours D'histoire Du Canada** Jean Baptiste Antoine Ferland, 1882 Études Critiques Sur L'histoire de Charlemagne Louis Halphen, 1921 **T'oung-pao**, 1893 **L'histoire de vie de réfugiés montréalais. Une rencontre** Steven High, 2018-11-01T00:00:00-04:00 L'histoire de vie de réfugiés montréalais raconte l'histoire du projet ponyme une importante initiative de recherche collaborative sur les histoires de vie de Montréalais et Montréalaises qui ont fui la guerre le génocide ou d'autres violations des droits de la personne En réalisant des entrevues d'histoires de vie et en encourageant la narration collective nous avons cherché à comprendre comment la violence grande échelle est vécue et assimilée Que signifie être un survivant de violences de masse en Amérique du Nord Comment ces histoires de vie sont-elles construites et transmises par les individus et les communautés leurs enfants et leurs petits enfants Cet ouvrage offre un modèle alternatif fondé sur une vision de la communauté comme partenaire de recherche partiel et non plus seulement comme objet d'étude **The Latest Catastrophe** Henry Rousso, 2016-07-06 The writing of recent history tends to be deeply marked by conflict by personal and collective struggles rooted in horrific traumas and bitter controversies Frequently today's historians can find themselves researching the same events that they themselves lived

through This book reflects on the concept and practices of what is called contemporary history a history of the present time and identifies special tensions in the field between knowledge and experience distance and proximity and objectivity and subjectivity Henry Rousso addresses the rise of contemporary history and the relations of present day societies to their past especially their legacies of political violence Focusing on France Germany the United Kingdom and the United States he shows that for contemporary historians the recent past has become a problem to be solved No longer unfolding as a series of traditions to be respected or a set of knowledge to be transmitted and built upon history today is treated as a constant act of mourning or memory an attempt to atone Historians must also negotiate with strife within this field as older scholars who may have lived through events clash with younger historians who also claim to understand the experiences Ultimately The Latest Catastrophe shows how historians at times against their will have themselves become actors in a history still being made

Modern science informs us about the end of the universe game over is the message which lies ahead of our world Christian theology on the other hand sees in the end not the cessation of all life but rather an invitation to play again in God's presence Is there a way to articulate together such vastly different claims Eschatology is a theological topic which merits being considered from several different angles This book seeks to do this by gathering contributions from esteemed and fresh voices from the fields of biblical exegesis history systematic theology philosophy and ethics How can we make sense today of Jesus and the New Testament's eschatological message How did he his early disciples and the Christian tradition envision the end of the world Is there a way for us to articulate together what modern science tells us about the end of the universe with the biblical and Christian claims about God who judges and who will wipe every tear Eschatology has been at the heart of Christian theology for 100 years in the West What should we do with this legacy Are there ways to move our reflection forward in our century Scholars and other interested readers will find here a wealth of insights
