Lo Grade11 2013 Exemplar:

Sexuality, Society & Pedagogy Dennis A. Francis, 2013-01-01 Sexuality Society and Pedagogy problematises some of the prevailing assumptions that frame this area of study In doing so it aims to make visible the challenges of teaching sexuality education in South African schools while demonstrating its potential for reshaping our conceptions of the social and cultural representations thereof Although the book is largely situated in experiences and perspectives within the South African context it is hoped that the questions raised reflections analyses and arguments will contribute to thinking about sexuality education in diverse contexts in particular more developing contexts *Making the Case* Donn Short, Bruce MacDougall, Paul T. Clarke, 2021-11-15 A principal forbids same sex prom dates A community group tries to prohibit gender neutral bathrooms Despite growing acceptance of 2SLGBTQ rights Canadian schools regularly become battlegrounds in clashes between students wishing to express their sexuality or gender identity and those who perceive this as a threat to their values Making the Case clearly shows how Canadian law responds to competing human rights claims when there is a clash between people asserting sexual minority rights and those asserting religious rights The authors call on related court cases to explain the position of Canadian law They demonstrate that Canadians have rights to religion and rights to gender expression or sexual orientation and that supporting sexual minority rights does not undermine other people s rights to religious freedom This accessible book is an important tool for anyone working to create an inclusive school environment or needing to respond to a rights based conflict within their school

Participatory Visual Methodologies Claudia Mitchell, Naydene De Lange, Relebohile Moletsane, 2017-09-18 This book demonstrates how data from participatory visual methods can take people and communities beyond ideological engagement initiating new conversations and changing perspectives policy debates and policy development These methods include for example photo voice participatory video drawing mapping and digital storytelling Organised around a series of tools that have been used across health education environmental and sociological research Participatory Visual Methodologies illustrates how to maintain participant engagement in decision making navigate critical issues around ethics track policies and maximize the potential of longitudinal studies Tools discussed include Pedagogical screenings Digital dialogue devices Upcycling and speaking back interventions Participant led policy briefs An authoritative and accessible guide to how participatory visual methods and arts based methods can influence social change this book will help any postgraduate researcher looking to contribute to policy dialogue
