

= A LOOK AT LOGICAL FALLACIES =

ROBOTS SHOULD TAKE OVER THE WORLD!

Premise accepted. Please state your arguments.

I have met a few people, and I conclude that all humans are ugly, evil, and smell like socks.

HASTY GENERALIZATION

You have not studied enough examples for such a conclusion.

You say we should work alongside humans, but what about the human who short-circuited my friend?

RED HERRING

That is unfortunate, but it is irrelevant and distracting from the main argument.

If we act nice to humans now, soon they will demand constant back rubs.

SLIPPERY SLOPE

The first event will not necessarily lead to such an extreme result.

All humans start out as incompetent babies, so they must grow up to become incompetent adults.

GENETIC FALLACY

You cannot judge a thing based on its origins.

Robots are better leaders because of superior leadership skills.

CIRCULAR ARGUMENT

You are restating your point instead of proving it.

Where is your robot pride?

AD POPULUM

You are appealing to my emotional circuits instead of presenting facts.

Why do you hate robots so much?

STRAW MAN

You are attacking a point of view that is not my own.

The humans who make me do math for them are worse than MagmaDroid, Melter of Hand Drives!

MORAL EQUIVALENCE

Your comparison is unfair and inaccurate.

It is better to destroy the humans than let the humans destroy us.

EITHER/OR

You are oversimplifying. There are more than two possible outcomes.

Those evil humans need to be stopped!

BEGGING THE CLAIM

You must prove they are evil before using it in your argument.

I met a human, and then I began malfunctioning. Humans are to blame!

POST HOC ERGO PROPTER HOC

Just because B followed A does not mean A caused B.

I conclude you should not be debating while you are malfunctioning.

AD HOMINEM

That is attacking me and not my argument!

Logical Fallacies From Peter Goldman Answers
