Long Vowel Short Passage:

Short Stories: The Long and Short of It STEPHEN SPOSATO, 2013-01-13 This collection of short stories was physically dragged with me over a life time before finally being typed anew this time onto electronic medium from the original electric or mechanically typed hand corrected vellum sheets and coming to rest on the cloud This typed and now published collection constitutes a gift to all and no one from my work a day world retirement to one of the arts philosophy and life Written mostly as a young man in Belgium the stories represent some of the more imaginary turns of a youthful mind Surrealism existentialism modernism the likes of Robbe Grillet Boris Vian Jean Cocteau and Kurt Vonnegut show threads of influence throughout the warp and woof Several recent stories complete the collection There you will recognize the spirit of George Orwell or that of the peerless Ferdinand Celine if you look carefully The stories are torn from life a life you will know well too if not the one you were taught to see

More Long and Short Stories Henry Tedeschi, 2004-05 Where the previous collection Long and Short Stories ranges from suspense and mystery to whimsical the present stories More Long and Short Stories emphasize the drama and sometimes the comedy of the human condition Each has a different focus from the difficulties inherent in encounters between men and women growing up and aging to the problems of academic life and its frequently unrecognized traumas

Long and Short Stories Henry Tedeschi, 2004-03 A collection of short and long stories ranging from suspense and mystery to whimsical Each examines a different human paradox in many environments from wartime Italy to yesterday s America and Latin America They portray a triumph of human values over the vicissitudes imposed by situations over which the protagonists have no control
