O'Connor, 2010-07-01 Infallibility is a deeply misunderstood idea within as well as outside the Catholic Church. It remains a subject of great theological debate, especially regarding papal infallibility and the ordinary magisterium of the Church. In *The Gift of Infallibility*, theologian James T. O'Connor clarifies the idea of infallibility. He provides a helpful translation of the ratio or official explanation by Bishop Gasser given at Vatican I to the Church council that defined the dogma of papal infallibility. Also included in this important volume is the first draft of chapter 4 of the Dogmatic Constitution *Pastor Aeternus* as well as the final official chapter of the constitution. Despite its importance in all theological discussions on the doctrine of infallibility, Bishop Gasser's ratio had never until recently been translated from the Latin original into English. The ratio reveals a mind which is logical in process and fully acquainted with the historical and theological aspects of the question. This volume concludes with a recently updated theological summary on the topic of infallibility by Father O'Connor. *The Gift of Infallibility* is immensely important for theologians and others who wish to

understand the way by which the Holy Spirit safeguards the Church It will be of great value to the general student as well as to the specialist
