Charter School Report Card Shawgi Tell, 2016-04-01 What is a charter school Where do they come from Who promotes them and why What are they supposed to do Are they the silver bullet to the ills plaguing the American public education system This book provides a comprehensive and accessible overview and analysis of charter schools and their many dimensions It shows that charter schools as a whole lower the quality of education through the privatization and marketization of education The final chapter provides readers with a way toward rethinking and remaking education in a way that is consistent with modern requirements Society and its members need a fully funded high quality public education system open to all and controlled by a public authority

*Disinherited* Diana Furchtgott-Roth, Jared Meyer, 2015-05-12 Tens of millions of Americans are between the ages of 18 and 30 These Americans known as millennials are or soon will be entering the workforce For them achieving success will be more difficult than it was for young people in the past This is not because they are less intelligent they have worked less hard or they are any less deserving of the American dream It is because Washington made decisions that render their lives more difficult than those of their parents or grandparents Their younger siblings and their children will be even worse off all because Washington has refused to fix the problem This book describes the personal stories of several members of this disinherited generation Their experiences are not unique It is impossible to hear these stories and not understand that holding back a nation's young is the antithesis of fairness and no way to make economic or social progress Their stories are an indictment of America's treatment of its young A nation that prides itself on its future has mortgaged it A nation that historically took pride in its youth culture has become a nation that steals from its young People who should have fulfilling productive lives are sidelined unemployed or underemployed Meanwhile America expects millennials and others of the disinherited generation to pay higher taxes for government programs that benefit middle aged and older Americans many of whom have better jobs and more assets It is time someone told the full story of the crisis facing America's young The future of America can be saved but only if our government's betrayal comes to an end It is a war without victors only victims The birthright of the America's young must be restored and the time to do so is now This book explains how

**Reinventing America's Schools** David Osborne, 2017-09-05 From David Osborne the author of *Reinventing Government* a biting analysis of the failure of America's public schools and a comprehensive plan for revitalizing American education In *Reinventing America's Schools* David Osborne one of the world's foremost experts on public sector reform offers a comprehensive analysis of the charter school movements and presents a theory that will do for American schools what his New York Times bestseller *Reinventing Government* did for public governance in 1992 In 2005 when Hurricane Katrina devastated New Orleans the city got an unexpected opportunity to recreate their school system from scratch The state's Recovery School District RSD created to turn around failing schools gradually transformed all of its New Orleans schools into charter schools and the results are shaking the very foundations of

American education Test scores school performance scores graduation and dropout rates ACT scores college going rates and independent studies all tell the same story the city s RSD schools have tripled their effectiveness in eight years Now other cities are following suit with state governments reinventing failing schools in Newark Camden Memphis Denver Indianapolis Cleveland and Oakland In this book Osborne uses compelling stories from cities like New Orleans and lays out the history and possible future of public education Ultimately he uses his extensive research to argue that in today s world we should treat every public school like a charter school and grant them autonomy accountability diversity of school designs and parental choice **Report Card on American Education** ,1998 **Monthly Catalog of United States Government**
