## **Louisiana Medicaid Medical Services Manual:**

*The AUPHA Manual of Health Services Management* Robert J. Taylor, Susan B. Taylor, 1994      *Making Eye Health a Population Health Imperative* National Academies of Sciences, Engineering, and Medicine, Health and Medicine Division, Board on Population Health and Public Health Practice, Committee on Public Health Approaches to Reduce Vision Impairment and Promote Eye Health, 2017-01-15 The ability to see deeply affects how human beings perceive and interpret the world around them For most people eyesight is part of everyday communication social activities educational and professional pursuits the care of others and the maintenance of personal health independence and mobility Functioning eyes and vision system can reduce an adult's risk of chronic health conditions death falls and injuries social isolation depression and other psychological problems In children properly maintained eye and vision health contributes to a child's social development academic achievement and better health across the lifespan The public generally recognizes its reliance on sight and fears its loss but emphasis on eye and vision health in general has not been integrated into daily life to the same extent as other health promotion activities such as teeth brushing hand washing physical and mental exercise and various injury prevention behaviors A larger population health approach is needed to engage a wide range of stakeholders in coordinated efforts that can sustain the scope of behavior change The shaping of socioeconomic environments can eventually lead to new social norms that promote eye and vision health Making Eye Health a Population Health Imperative Vision for Tomorrow proposes a new population centered framework to guide action and coordination among various and sometimes competing stakeholders in pursuit of improved eye and vision health and health equity in the United States Building on the momentum of previous public health efforts this report also introduces a model for action that highlights different levels of prevention activities across a range of stakeholders and provides specific examples of how population health strategies can be translated into cohesive areas for action at federal state and local levels      **Louisiana Register**, 1996      *Publication Catalog of the U.S. Department of Health and Human Services* United States. Department of Health and Human Services,      *Monthly Catalog of United States Government Publications* United States. Superintendent of Documents, 1994
