Moby-Dick Herman Melville, 2008-08-12 Moby Dick is an 1851 novel by Herman Melville. The story tells the adventures of the wandering sailor Ishmael and his voyage on the whaling ship Pequod commanded by Captain Ahab. Often considered the embodiment of American Romanticism, Moby Dick was first published by Richard Bentley in London on October 18, 1851, in an expurgated three-volume edition titled *The Whale* and later as one massive volume by New York City publisher Harper and Brothers as *Moby Dick or The Whale* on November 14, 1851. This is a photo mechanical reprint of that edition. The first line of Chapter One, "Call me Ishmael," is one of the most famous in literature. Although the book initially received mixed reviews, Moby Dick is now considered one of the greatest novels in the English language and has secured Melville's place among America's greatest writers.

**Moby Dick ( Illustrated Classics)** Moby Dick Or the Whale Herman Melville, 2021-05-02 Moby Dick or The Whale 1851 is a novel by Herman Melville, considered an outstanding work of Romanticism and the American Renaissance. Ishmael narrates the monomaniacal quest of Ahab, captain of the whaler Pequod, for revenge on Moby Dick, a white whale which on a previous voyage destroyed Ahab's ship and severed his leg at the knee. Although the novel was a commercial failure and out of print at the time of the author's death in 1891, its reputation as a Great American Novel grew during the twentieth century. William Faulkner confessed he wished he had written it himself, and D. H. Lawrence called it one of the strangest and most wonderful books in the world and the greatest book of the sea ever written. "Call me Ishmael" is one of world literature's most famous opening sentences. The product of a year and a half of writing, the book is dedicated to Nathaniel Hawthorne in token of admiration for his genius and draws on Melville's experience at sea, on his reading in whaling literature, and on literary inspirations such as Shakespeare and the Bible. The detailed and realistic descriptions of whale hunting and of extracting whale oil, as well as life aboard ship among a culturally diverse crew, are mixed with exploration of class and social status, good and evil, and the existence of God. In addition to narrative prose, Melville uses styles and literary devices ranging from songs, poetry, and catalogs to Shakespearean stage directions, soliloquies, and asides. The work was first published as *The Whale* in London in October 1851 and then under its definitive title *Moby Dick* in New York in November. There were hundreds of slight but important differences between the two editions. The London publisher censored or changed sensitive passages, and Melville made revisions as well, including the last-minute change in the title for the New York edition. The whale, however, appears in both editions as Moby Dick, with no hyphen.

Moby Dick Or the Whale : (Illustrated) Classic Edition with Original Illustrations Herman Melville, 2020-09-27 Moby Dick or The Whale is an 1851 novel by American writer Herman Melville. The book is the sailor Ishmael's narrative of the obsessive quest of Ahab, captain of the whaling ship Pequod, for revenge on Moby Dick, the giant white sperm whale that on the ship's previous voyage bit off Ahab's leg at the knee. A contribution to the literature of the American Renaissance, Moby Dick was published to mixed reviews; it was a commercial failure and was out of print at the time of the author's death in 1891. Its reputation as a Great

American Novel was established only in the 20th century after the centennial of its author's birth William Faulkner said he wished he had written the book himself and D H Lawrence called it one of the strangest and most wonderful books in the world and the greatest book of the sea ever written Its opening sentence Call me Ishmael is among world literature's most famous Melville began writing Moby Dick in February 1850 and finished 18 months later a year longer than he had anticipated Melville drew on his experience as a common sailor from 1841 to 1844 including several years on whalers and on wide reading in whaling literature The white whale is modeled on the notoriously hard to catch albino whale Mocha Dick and the book's ending is based on the sinking of the whaleship Essex in 1820 His literary influences include Shakespeare and the Bible The detailed and realistic descriptions of whale hunting and of extracting whale oil as well as life aboard ship among a culturally diverse crew are mixed with exploration of class and social status good and evil and the existence of God In addition to narrative prose Melville uses styles and literary devices ranging from songs poetry and catalogs to Shakespearean stage directions soliloquies and asides In August 1850 with the manuscript perhaps half finished he met Nathaniel Hawthorne and was deeply moved by his Mosses from an Old Manse which he compared to Shakespeare in its cosmic ambitions This encounter may have inspired him to revise and expand Moby Dick which is dedicated to Hawthorne in token of my admiration for his genius The book was first published in three volumes as The Whale in London in October 1851 and under its definitive title in a single volume edition in New York in November The London publisher Richard Bentley censored or changed sensitive passages Melville made revisions as well including a last minute change to the title for the New York edition The whale however appears in the text of both editions as Moby Dick without the hyphen Reviewers in Britain were largely favorable though some objected that the tale seemed to be told by a narrator who perished with the ship as the British edition lacked the Epilogue recounting Ishmael's survival American reviewers were more hostile 6 About 3 200 copies of the book were sold during the author's life
