Blackjack, also known as Twenty-one, is one of the world's most popular casino games. In Blackjack, the dealer deals cards to seven players. These rules vary from casino to casino, but all versions of the game are based on the same principles. The goal is to get a 21 or closer to that value than the dealer.

Each player has two cards. If the player totals the dealer's hand, they win. If the dealer's hand is higher, the player loses. The total amount that they bet is returned to them. The dealer's hand is always 10 or 11. The player's hand is always 10 or 11. The player's hand is always 10 or 11. The player's hand is always 10 or 11.

Each turn and round the dealer deals additional cards. All the cards are dealt according to the player's and dealer's results. The game is known for its complex strategy. The dealer will always be the first of the game as well as help new players understand the strategy.
