

competencies or educational levels (Saifan, Safieh, Milbes, & Shibly, 2015). The second one was for practitioners to acquire advanced training. Thirdly, the document supported the power of proper policymaking and planning to revolutionize America's healthcare system. The last one was for nurses to partner with different professionals in order to improve the quality of medical services.

Importance of the IOM Report

Nursing Practice

The ultimate objective of nursing practice is to maximize the health outcomes of every patient. The IOM offers several propositions that can be embraced to improve the quality of health services available to different citizens. The introduction of superior policies can empower different practitioners to acquire advanced training. This means that they can pursue their master's and doctorate degrees and acquire advanced competencies. This achievement can ensure that more patients have access to evidence-based and high-quality medical services (Saifan et al., 2015). Nurses practicing independently will improve their care delivery models and engage in lifelong learning. This new approach can transform the effectiveness of the country's healthcare system. The suggested collaboration between nurses and other professionals will improve the quality of medical services and minimize medication errors (Hassmiller & Reinhard, 2015). Challenges such as the nursing shortage will also reduce significantly.

Nursing Education

The IOM report offers meaningful insights that can support the nature or quality of nursing education in the United States. For instance, the document explains why a superior system should be identified and implemented to meet the needs of many nurses. This development will ensure that more practitioners are equipped with the right skills, concepts, and competencies (Hooper, 2016). They will also be informed about different clinical guidelines that can result in positive health outcomes. Every professional in nursing is also encouraged to complete various educational or

Iom Report Approaching Death:

Dying in America Institute of Medicine, Committee on Approaching Death: Addressing Key End-of-Life Issues, 2015-03-19 For patients and their loved ones no care decisions are more profound than those made near the end of life Unfortunately the experience of dying in the United States is often characterized by fragmented care inadequate treatment of distressing symptoms frequent transitions among care settings and enormous care responsibilities for families According to this report the current health care system of rendering more intensive services than are necessary and desired by patients and the lack of coordination among programs increases risks to patients and creates avoidable burdens on them and their families Dying in America is a study of the current state of health care for persons of all ages who are nearing the end of life Death is not a strictly medical event Ideally health care for those nearing the end of life harmonizes with social psychological and spiritual support All people with advanced illnesses who may be approaching the end of life are entitled to access to high quality compassionate evidence based care consistent with their wishes Dying in America evaluates strategies to integrate care into a person and family centered team based framework and makes recommendations to create a system that coordinates care and supports and respects the choices of patients and their families The findings and recommendations of this report will address the needs of patients and their families and assist policy makers clinicians and their educational and credentialing bodies leaders of health care delivery and financing organizations researchers public and private funders religious and community leaders advocates of better care journalists and the public to provide the best care possible for people nearing the end of life

Iom Report Approaching Death Introduction

In today's digital age, the availability of Iom Report Approaching Death books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Iom Report Approaching Death books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Iom Report Approaching Death books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Iom Report Approaching Death versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Iom Report Approaching Death books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Iom Report Approaching Death books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Iom Report Approaching Death books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These

libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Iom Report Apporaching Death books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Iom Report Apporaching Death books and manuals for download and embark on your journey of knowledge?
