How exactly does Google profit from web searches? What will a magazine look like five years from now? Informative and engaging. Media Today Fifth Edition is characterized by its focus on Convergence. In addition to separate chapters on the Internet and the Video Games industry, coverage of convergence and its impact is incorporated into every chapter. Consumer Education: Media Literacy questions ask students to consider their roles as a media consumer and potential media creator. Comprehensive Media Industry Coverage: Historical timelines in the print book and on the companion website track the development of each media industry, giving students an overview of a particular industry at a glance. Contemporary Student-friendly Examples: New culture and media boxes help students think about the impact of media industries on their own lives and globally. Joseph Turow, who has been teaching Intro to Mass Communication for well over a decade, demonstrates the many ways that media convergence and the pervasiveness of the Internet have blurred distinctions between and among various media. From newspapers to video games or social networking to mobile platforms, Media Today prepares students to live in the digital world of media.
