Who Owned Waterloo? Luke Reynolds,2022-06-06 Between 1815 and the Duke of Wellington's death in 1852 the Battle of Waterloo became much more than simply a military victory While other countries marked the battle and its anniversary only Britain actively incorporated the victory into their national identity guaranteeing that it would become a ubiquitous and multi layered presence in British culture By examining various forms of commemoration celebration and recreation Who Owned Waterloo demonstrates that Waterloo's significance to Britain's national psyche resulted in a different kind of war altogether one in which civilian and military groups fought over and established their own claims on different aspects of the battle and its remembrance By weaponizing everything from memoirs monuments rituals and relics to hippodramas panoramas and even shades of blue veterans pushed back against civilian claims of ownership English Scottish and Irish interests staked their claims and conservatives and radicals duelled over the direction of the country Even as ownership was
