

A close-up, high-angle shot of a desk. In the foreground, a portion of a silver laptop keyboard is visible. To its left, a gold-toned wristwatch with a white face and black hands lies on a white surface. Above the watch, a white pen is partially visible. In the background, a white rectangular object, possibly a stapler or a paperweight, sits on the desk. A black coffee cup is partially visible at the top edge. The overall scene is clean and minimalist, with soft lighting.

ARRÊTER DE PROCRASTINER

La Procrastination Lart De Remettre Au Lendemain

Daniela Niemeyer

La Procrastination L'art De Remettre Au Lendemain:

La Procrastination John Perry, 2012-09-12T00:00:00+02:00 Vous ne pouvez pas vous empêcher de paresser d caler lambiner atermoyer ajourner proroger différer d caler musarder zigzaguer suivre des chemins de traverse Ce livre est pour vous Le philosophe américain John Perry écrit un plaidoyer souvent inattendu toujours convaincant en faveur de la procrastination structurée et ce défaut qui bien utilisé peut vous transformer en foudre de guerre **La procrastination** John Perry, 2014-03-05 A notre époque on trouve une frustration de productivité et c'est ce livre qui s'adresse particulièrement à ceux qui aiment paresser d caler lambiner atermoyer ajourner proroger différer d caler musarder Au fil de ces méditations tant très que profondes John Perry écrit un plaidoyer convaincant en faveur de la procrastination structurée Un procrastinateur doit en effet apprendre à tirer le meilleur parti de son don naturel et accepter toutes les tâches qui se présentent lui avec enthousiasme Il ne les méprisera pas toutes bien et pas forcément dans le bon ordre mais cela lui donnera souffle et créativité Ce petit essai alerte et inspirant livre aussi des considérations inattendues sur l'art d'ignorer certains mails le rythme des chansons de soul music le bon usage des to-do lists l'avantage de laisser son bureau en pagaille pour que les idées naissent du désordre et sur l'histoire métaphysique du temps depuis Héraclite L'art D'écrire Ariel Black, 2003 La procrastination : suivi de Quand la procrastination rencontre le confinement John Perry, 2021-05-05T00:00:00+02:00 La procrastination est l'art de remettre au lendemain et nous sommes nombreux à trouver que ce joli mot est un vilain défaut tort nous explique John Perry professeur de philosophie à l'université de Stanford et père de la procrastination structurée ou l'art de faire des incorrigibles adeptes du différer repousser d caler ou ajourner que nous sommes des agents redoutablement efficaces Brillant intelligent et plein d'humour cet essai est devenu culte Mais que se passe-t-il quand la procrastination rencontre le confinement Dans un texte inédit John Perry expose quelques clés qui réjouiront ceux d'entre nous chez qui la culpabilité de n'avoir toujours pas lu Schopenhauer le dispute la procrastination *Le guide de super vie* Laurent Binard, 2022-10-13 Nous sommes ce que nous choisissons d'être Voilà l'affirmation qui vous guidera tout au long du Guide de super vie Entre développement personnel et professionnel cet ouvrage condense de nombreux conseils et préceptes concrets pour s'épanouir L'Art de se gâcher la vie Marie Andersen, 2012-09-19 Personne n'a la recette d'une vie agréable Pourtant chacun s'emploie comme il peut faire de la sienne une aventure qui vaille la peine d'être vécue Malheureusement on est souvent loin du compte N'est-ce dans le confort nous avons bien plus qu'il n'en faut pour nous concocter une vie assez plaisante manger notre faim avoir quelques bons amis aider nos enfants grandir et nous réjouir d'être en vie Rien ne nous empêche d'inventer de partager d'élire ou de simplement contempler la nature au fil des saisons Le bonheur est dans le creux de la main Et pourtant Il semble parfois si difficile d'être heureux de vivre en accord avec soi-même en paix avec la vie telle qu'elle est Bien sûr rien ne nous protège totalement du malheur ou de la malchance les coups du sort ne sont pas distribués équitablement et nous ne pouvons pas tout contrôler loin s'en faut Les tuiles tomberont au gré des tempêtes personne ne peut s'en prémunir jamais mais pourquoi donc en rajouter

Pourquoi se compliquer une existence qui n'est déjà pas si simple ? Nourrirait-on dans l'embrouillamini de nos petits arrangements avec la vie un obscur besoin de la saboter ? Y aurait-il une tendance inconsciente trouver une satisfaction paradoxale dans l'insatisfaction un plaisir dans le dé plaisir ? Ce livre propose d'examiner l'art de bien vivre sous un angle légèrement provoquant en mettant en lumière les mécanismes aussi ingrat que biscornus que nous utilisons souvent pour nous gâcher la vie. Se gâcher la vie c'est s'obstiner en vain. S'entêter sans résultat. Se tracasser inutilement. Croire l'impossible. Rester assis sur ses idées sans les remettre en question. Répéter encore et encore les mêmes comportements sans prendre en compte leur inefficacité. On se gâche la vie parce qu'on raisonne mal parce qu'on ne change rien ou parce qu'on agit de façon inappropriée. On n'arrive pas prendre du recul on ne comprend pas on se décourage accroché soi-même hors du temps hors du vrai hors du réel. Tout est là. Faut-il continuer ou abandonner ? Comment sortir de son enfermement ? Jusqu'où rester fidèle soi-même ? Quand faut-il renoncer s'acharner ? Il n'est pas simple de définir si une action est vaine ou si avec le temps elle pourrait s'avérer efficace. Comment savoir si la perspective sera mortifère ou fructueuse ? L'immobilisme serait-il un bon chemin vers la paix ? Faut-il vraiment que nos actions soient utiles ? Si tout n'est que vanité et poursuite du vent n'y a-t-il pas quelque attrait la futilité ou l'insignifiance ? Se gâcher la vie est un droit inaliénable mais bien inutile. Un art pernicieux auquel nous consacrons beaucoup d'énergie sur un chemin chaotique. C'est ce chemin que vous allez emprunter en compagnie de Marie Andersen pour le rendre plus harmonieux. A propos de l'auteur Marie Andersen est psychologue clinicienne et psychothérapeute depuis plus de trente ans. Elle a publié précédemment deux best-sellers : *La Manipulation ordinaire* et *L'Emprise familiale*. Un livre publié par Ixelles éditions. Visitez notre site <http://www.ixelles-editions.com>. Empirisme, néolibéralisme, cognitivisme Emile Jalley, 2022-06-28. Le néolibéralisme lancé dans les années 1980 est une idéologie dangereuse aussi bien pour la dynamique de l'économie que pour la vitalité de la culture mondiale. Il s'agit d'un anti-humanisme mortifère. Il importe de comprendre que le néolibéralisme est l'une des trois tentatives d'une hydre apparue déjà dès les années 1700 avec la philosophie empiriste d'abord anglaise puis tardivement nord-américaine mais galement avec l'économie classique puis moderne et contemporaine en cousinage aussi avec la psychologie associationniste puis behavioriste et enfin cognitiviste. C'est le même univers. Les 4 tomes peuvent être lus en connexion ou de manière indépendante. Tome 4. Un au-delà du cognitivisme se présente encore et toujours comme formé par le bloc initialement créé par Freud de la psychanalyse 1896 et de la psychologie clinique 1899. La psychologie clinique et psychanalyse PCP soit encore la psychologie des profondeurs a depuis effectué et continue d'effectuer l'intégration de nombre de modèles et de techniques convergents dans l'investigation de l'inconscient. Elle propose la perspective d'un nouvel humanisme de formes renouvelées de la gestion du souci de soi comme de l'environnement naturel et social.
