The Man Who Wrote the Perfect Novel Charles J. Shields, 2018-10-15 When Stoner was published in 1965 the novel sold only a couple of thousand copies before disappearing with hardly a trace Yet John Williams's quietly powerful tale of a Midwestern college professor William Stoner whose life becomes a parable of solitude and anguish eventually found an admiring audience in America and especially in Europe The New York Times called Stoner a perfect novel and a host of writers and critics including Colum McCann Julian Barnes Bret Easton Ellis Ian McEwan Emma Straub Ruth Rendell C P Snow and Irving Howe praised its artistry The New Yorker deemed it a masterly portrait of a truly virtuous and dedicated man The Man Who Wrote the Perfect Novel traces the life of Stoner's author John Williams Acclaimed biographer Charles J Shields follows the whole arc of Williams's life which in many ways paralleled that of his titular character from their shared working class backgrounds to their undistinguished careers in the halls of academia Shields vividly recounts Williams's development as an author whose other works include the novels *Butcher's Crossing* and *Augustus* for the latter Williams shared the 1972 National Book Award Shields also reveals the astonishing afterlife of Stoner which garnered new fans with each American reissue and then became a bestseller all over Europe after Dutch publisher Lebowski brought out a translation in 2013 Since then Stoner has been published in twenty one countries and has sold over a million copies

famous poems by some of the most famous poets of the English language Sir Thomas Wyatt John Donne and of course Shakespeare but also and this is what makes Williams's book such a rare and rich resource the strikingly original work of little known masters like George Gascoigne and Fulke Greville

Augustus John Williams, 1972 Winner of the 1973 National Book Award Augustus tells the story through fictional letters memoranda and dispatches of Octavian the shy scholarly youth who became Caesar Augustus

The quiet contemporary American novel Rachel Sykes, 2017-12-01 This book explores the concept of quiet an aesthetic of narrative driven by reflective principles and argues for the term's application to the study of contemporary American fiction In doing so it makes two critical interventions Firstly it maps the neglected history of quiet fictions arguing that from Hester Prynne to Clarissa Dalloway from Bartleby to William Stoner the Western tradition is filled with quiet characters Secondly it asks what it means for a novel to be quiet and how we might read for quiet in an American literary tradition that critics so often describe as noisy Examining recent works by Marilynne Robinson Teju Cole and Ben Lerner among others the book argues that quiet can be a multi-faceted state of existence one that is communicative and expressive in as many ways as noise but filled with potential for radical discourse by its marginalisation as a mode of expression
