Mccormack International 276 Manual:

The Future Law of Armed Conflict Matthew C. Waxman, Thomas W. Oakley, 2022 New technologies new geopolitical alignments new interests and vulnerabilities and other developments are changing how why and by whom conflict will be waged The Future Law of Armed Conflict considers how law and institutions for creating interpreting and enforcing the law of armed conflict might look two decades ahead as well as what opportunities may exist to influence it in that time This book brings together a diverse set of voices to debate questions that are likely to emerge and consider possible futures

International Traders Manual John Philip Carmel, 1947 Making and Shaping the Law of Armed Conflict Sandesh Sivakumaran, Christian R. Burne, 2024 This volume in the Lieber Studies series explores how the law of armed conflict is made and shaped It examines the fundamental materials of the law of armed conflict key actors and influences the spaces where the law is made as well as questions of unmaking International Production Manual , 1985 **International Humanitarian Law** Marco Sassòli, 2024-02-12 In this thoroughly updated second edition of what has quickly become the definitive text in the field of international humanitarian law IHL leading expert Marco Sass li evaluates the application of IHL the way in which hostilities should be conducted against an adversary and the pertinence of traditional distinctions such as that between international and non international armed conflicts Power Farming in Australia and New Zealand Technical Manual , 1968 The Companion to International Humanitarian Law Dražan Djukić, Niccolò Pons, 2018-09-24 This important and unique volume begins with seven essays that discuss the contemporary challenges to implementing international humanitarian law Its second and largest section comprises 263 entries covering the vast majority of IHL concepts Written by a wide range of experts each entry explains the essential legal parameters of a particular element of IHL while offering practical examples and where relevant historical considerations and supplying a short bibliography for further research The starting point for the selection were notions arising from the Geneva Conventions the Additional Protocols and other IHL treaties However the reader will also encounter entries going beyond the typical scope of IHL such as those related to the protection of the natural environment and animals and entries that in addition to an IHL perspective discuss relevant issues through the lens of human rights law refugee law international criminal law the law on State responsibility national law and so on The editors have also attempted to take into account certain concepts that have no direct foundation in IHL but that are commonly used in mass media and politics or generate wide interest in contemporary society such as drones economic warfare cyber warfare sniping targeted killings transitional justice terrorism and many other topics The Companion to International Humanitarian Law offers a much needed tool for both scholars and practitioners supplying information accessible enough to enable a variety of users to quickly familiarise themselves with it and sufficiently comprehensive to be a source for reflection and further research for more demanding users Its aim is to facilitate the practical application of IHL and be of use to a wide audience interested in or confronted with IHL ranging from professionals in humanitarian assistance

and protection in the field legal officers and advisers at the national and international level trainers academics scholars and students
