Natalie Wood Autopsy Report:

Forensics Harry A. Milman PhD, 2020-10-29 Carrie Fisher also known as Princess Leia from Star Wars had been abusing cocaine and other pharmaceuticals for many years so when it was announced that she died from sleep apnea I was skeptical A more plausible explanation would have been that she died from a drug overdose A review of the medical examiner's report revealed that the Fisher family refused to give permission for an autopsy and toxicology tests to be done Constrained by these limitations the coroner labeled the manner of death undetermined **FORENSICS** The Science behind the Deaths of Famous People is an analysis and description of how coroners determine the cause and manner of death An investigation of twenty three deaths of famous people was conducted based on a review of publicly available autopsy and toxicology reports as well as published scientific and lay articles Drug use was implicated in 70 percent of the deaths Four celebrity deaths were the result of suicide or homicide Four others were from natural causes *Brainstorm* Sam Perroni, 2021-12-21 *Brainstorm* is an amazing five year probe into the mysterious death of beloved movie star Natalie Wood by a real life criminal law authority who determinedly pursued the truth in the face of Los Angeles County officials hell bent on keeping it buried forever After four decades there is still more to learn about Natalie Wood's tragic drowning *Brainstorm* is one man's passionate quest to unearth the truth Beth Karas Host of Oxygen's *Snapped* Notorious former prosecutor and investigative journalist If you have any interest in deciding for yourself whether someone got away with the murder of Natalie Wood this book is for you Marilyn Wayne eyewitness *Brainstorm* An Investigation of the Mysterious Death of Film Star Natalie Wood is the first person account of Sam Perroni's probing investigation of the actress's death Through lawsuits freedom of information requests and persistent digging Perroni obtained unseen and confidential files documents photographs and information from long lost witnesses revealing the true circumstances surrounding Natalie Wood's drowning *America's Most Chilling 'Unsolved' Celebrity Deaths* Dr. James Carver, 2025-06-24 Discover the dark side of fame in America's Most Chilling Unsolved Celebrity Deaths a gripping true crime investigation into five iconic stars who died under mysterious tragic and unsolved circumstances From the bloodstained apartment of Hogan's Heroes star Bob Crane to the foggy waters off Catalina Island where Natalie Wood vanished to the bullet riddled Las Vegas night that silenced rapper Tupac Shakur this book unearths the secrets scandals and shocking twists behind some of the most infamous celebrity deaths in American history Explore the tangled lives and haunting deaths of Bob Crane A sitcom star's secret life leads to a brutal murder Natalie Wood Glamour jealousy and death aboard a yacht Tupac Shakur A visionary artist gunned down in a case still open Brittany Murphy A young starlet dies mysteriously followed by her husband David Carradine A martial arts legend found dead under bizarre global headlines Each case is a full deep dive narrative packed with forensic details psychological insight and the disturbing cultural forces that shaped their lives and deaths From crime scene analysis to conspiracy theories and botched investigations this book lays bare the unsolved mysteries that still captivate millions If you love celebrity true crime

unsolved mysteries or Netflix style deep dives this is your next can't put it down read Book 4 of The Unsolved and Unforgotten Series **Up With the Sun** Thomas Mallon, 2024-02-06 Through the curious life of Dick Kallman a real life celebrity striver poisonously charming actor and eventual murder victim the unforgiving worlds of postwar showbiz and down low gay sexuality are thrown into stark relief in this page turning blast James Ellroy author of Widespread Panic Engrossing A keen portrait of 1980s New York a pensive often gorgeous depiction of gay life in Manhattan before Stonewall and life on the cusp of the AIDS epidemic The Washington Post Dick Kallman was an up and coming actor in the fifties and sixties until he wasn't A costar on Broadway a member of Lucille Ball's historic Desilu workshop and finally a primetime TV actor Dick had hustled to get his big break But just as soon as his star began to rise his roles began to dry up and he faded from the spotlight his name out of tabloids and newspapers until his sensational murder in 1980 Through the eyes of his occasional pianist and longtime acquaintance Matt Liannetto a tenderhearted but wry observer often on the fringes of Broadway's big moments Kallman's life and death come into appallingly sharp focus The actor's yearslong unrequited love for a fellow performer brings out a competitive vindictive edge in him Whenever a new door opens Kallman rushes unwittingly to close it Even as he walks over other people he can never get out of his own way As Matt pores over the life of this handsome could have been Up With the Sun re-creates the brassy sometimes brutal world that shaped Kallman capturing his collisions with not only Lucille Ball but an array of stars from Sophie Tucker to Judy Garland and Johnny Carson Part crime story part showbiz history and part love story this is a crackling novel about personal demons and dangerously suppressed passions that spans thirty years of gay life the whole tumultuous era from the Kinsey Report through Stonewall and finally AIDS *California. Forensics II Harry A. Milman PhD, 2022-07-24 George Washington the former first president of the United States lay in his bed suffering from a high fever a raw throat and labored breathing His three physicians milled around his bed treating Washington with blisters of cantharides tartar emetic and bloodletting removing nearly 40 percent of his total blood volume and causing excruciating pain When Washington finally was relieved of his misery and died the three doctors could not agree what caused his death Forensics II The Science Behind the Deaths of Famous and Infamous People reads like a mystery novel presenting biographical and scientific information that helps readers understand how medical examiners coroners utilized forensic analysis to determine the causes and manners of death of thirty six famous and infamous people including Napoleon Bonaparte a French military leader and politician Charles Whitman the University of Texas tower shooter Bruce Lee an actor and martial artist Kurt Cobain the lead singer of Nirvana Jim Jones a key figure in the Jonestown massacre Aretha Franklin a singer songwriter Alexander Litvinenko a former officer of the Russian Federal Security Service Jeffrey Epstein a financier and convicted sex offender and many more The book is based on a review of publicly available autopsy and toxicology reports published lay articles and the scientific literature Of the deaths reviewed 39 percent were due to natural causes 19 percent

were accidental and 6 17 percent were suicides The remaining deaths comprise three cases each of homicide and justifiable homicide by police one case of court mandated execution and three cases in which the manner of death was undetermined
