

Conventional Marine Panels

T1000 Marine Fire Controller

The range of T1000 panels are state-of-the-art intelligent fire panels, which provide many of the features normally only found on more expensive analogue addressable panels. The panels are supplied in 8 and 16 zone versions. Each detection zone can support up to 32 conventional detectors. The user interface is provided through a combination of LEDs and a 2 x 40 character LCD display. The LCD display provides a full customer definable text display of the alarm or fault condition whilst also displaying zones in alarm, fault or isolate status. The display also indicates the outputs that have been activated.
