in Kentucky however Tori's life began to change in unexpected ways She fell in love At the age of thirty five she embarked on a serious relationship for the first time making her feel even more vulnerable than sitting alone in a tiny boat in the middle of the Atlantic She went to work for Muhammad Ali who told her that she did not want to be known as the woman who almost rowed across the Atlantic Ocean And she knew that he was right In this thrilling story of high adventure and romantic quest Tori McClure discovers through her favorite way the hard way that the most important thing in life is not to prove you are superhuman but to fully to embrace your own humanity With a wry sense of humor and a strong voice she gives us a true memoir of an explorer who maps her world with rare emotional honesty
