Brilliantly illustrated with rich clinical material this book offers a practical approach to the diagnosis assessment and treatment of the increasing number of patients whose emotions are expressed through bodily harm The challenges of working with patients who tend to view the world of relationships in terms of predator and prey are clearly explicated and the stormy countertransference responses that threaten to destroy the treatment are given a full hearing Finally she shows how the attachment relationship formed in treatment can repair the traumatic attachment in mind body psyche and soul and can serve as the cornerstone of therapeutic change A Jason Aronson Book
