whose disproportionate influence over policy in turn leads to less redistribution Group Interests Individual Attitudes develops the argument with a series of empirical implications which are then tested using data from a variety of sources It examines regional and ethnic politics in the United Kingdom Germany Slovakia Canada and Italy using a combination of qualitative and quantitative evidence existing and new surveys and observational and experimental methods The evidence is largely consistent with a heuristic theory allowing us to see group politics in a new light      **1997 Mondeo Repair Manual** Ford Motor Company of Australia,      Mondeo '97 Repair Manual ,1996
