Media Culture 9th Edition:

Thinking Through Communication Adam Roth, Brenton Malin, Sarah Trenholm, 2025-04-14 This fully updated tenth edition for hybrid introductory communication courses provides a balanced introduction to the fundamental theories and principles of communication. The book explores communication in a variety of contexts including interpersonal, group, organizational, and mass media. It provides students with the theoretical knowledge and the research and critical thinking skills they will need to succeed in advanced communication courses and professions. Organized into three parts, this new edition first explores the history of communication studies and explains the basic perspectives used by scholars in the field. Part II looks at how language and listening take place in small and large groups. Part III then examines global, institutional, and public communication. This edition includes an additional chapter on research methods, reflects the changing nature and norms of communication in the workplace, and provides a post-COVID assessment of models, methods, and evaluations of telecommuting practices. The appendix gives users the flexibility to tailor their courses to the interests and needs of their students, offering guidelines for preparing and presenting public presentations and giving examples of major research methods. *Thinking Through Communication* is an ideal textbook for Introduction to Communication courses that aim to provide a comprehensive overview of the field. Material for instructors, including PowerPoint slides, test questions, and an instructor's manual, are available at www.routledge.com/9781032499079.

Nigerian Media Industries in the Era of Globalization Unwana Samuel Akpan, 2023-01-09 In *Nigerian Media Industries in the Era of Globalization*, editor Unwana Samuel Akpan provides a timely collection of relevant, key, and well-informed contributions on the Nigerian media industries in a changing media landscape. This collection assembles both media professionals and professors of media practice and theory to address how the Nigerian media industry has changed in a globalized world. The chapters apply scholarship, research, and industry experience to modern media narratives, as well as a blend of Nigerian cultural concepts and idioms of communication. The contributors provide a historicized account of the Nigerian indigenous media systems and the Nigerian mainstream media industry. They examine media law in Nigeria and media ownership in Nigeria, express concerns over fake news in relation to elections, explore changes in journalism, broadcasting, health communication, organizational communication, AI in countering terrorism, sports media, and draw conclusions on how the media has changed in digital spaces. This book is essential for media scholars and media professionals who are interested in the growth and survival of the Nigerian media in the era of globalization.

Barbie in the Media Emily R. Aguiló-Pérez, Rebecca C. Hains, 2025-09-26 What is the significance of Barbie's journey from toy aisles to screens? *Barbie in the Media* offers a groundbreaking exploration of Barbie as a transmedia phenomenon. In examining the brand's multifaceted media presence, this volume's chapters consider both Mattel's corporate storytelling about and fans' reinterpretations of the iconic doll. Collectively, they reveal that these mediated negotiations of Barbie reflect and contribute to broader discourses about gender and identity in evolving sociopolitical

contexts inscribing the doll with ever changing and often conflicting anxieties and dreams These render the brand s media presence a fascinating site of contested meaning worthy of the sustained critique that Barbie in the Media offers readers
