**Surrender** Lisa Renee Jones, 2017-01-09 Chris and Sara from Inside Out return in the explosive finale to Ella's story from New York Times bestselling author Lisa Renee Jones with the third book in the sexy suspenseful Careless Whispers series. Passion burns fiercely hot between Ella Ferguson and Kayden Wilkens, the man who held secrets and lies in his hands and then allowed them to fall into hers. But even though he has become her anchor, helping her recover from amnesia after finding her unconscious in an alley and allowing her into his secret world, all is not what it seems. Kayden still has secrets, and pieces of Ella's past are still shrouded in the darkness of her mind while the powerful man who hunts her will not stop until she is his. In this final explosive novel in the Careless Whispers series, Ella discovers that while her life with Kayden didn't begin in that dark alley, it could easily end there.

**Hard to Imagine** Thomas Waugh, 1996 Waugh identifies four primary aspects of homoerotic photography and film: the artistic, the commercial, the illicit, and the politico-scientific, tracing their development against a background of advances in visual technology. **Before Us** J.M. Walker, 2020-08-01 Our relationship was toxic. Intense. Brutal. When she slipped out of my hotel room, I made it my mission to have her back in my bed. She ran. I chased. And when we finally crashed, I'd have to save her from the one person she trusted most. Me. The Next Generation Series: Control Us, With Us, Before Us, Being Us.

**The 1961-1970: American Film Institute Catalog of Motion Pictures Produced in the United States** American Film Institute, 1997 Back in print after more than fifteen years, this American Film Institute Catalog covers the decade of the sixties. This was the era in which films began to challenge the taboos on sex and violence and treated social issues in a new light. Included in this volume are *The Wild Bunch*, *Bonnie and Clyde*, *Guess Who's Coming to Dinner*, and *Who's Afraid of Virginia Woolf*. The decade also produced such all-time classics as *The Sound of Music*, *To Kill a Mockingbird*, and *The Graduate*.

**The Waltzing Body in Victorian Literature** Sabrina Gilchrist Hadyk, 2025-03-27 *The Waltzing Body in Victorian Literature: Narratives of Sexuality and Power* traces the evolution of the waltz from a taboo dance in the early nineteenth century to a gracefully nostalgic practice that must be preserved by the century's end. While Sabrina Gilchrist Hadyk references eighteenth-century authors to frame the waltz's initial reception in England, the study focuses primarily on Victorian authors who shaped how and why this dance was paradoxically viewed as elegant, effeminate, and sterile. Hadyk explores female sexuality and the concept of choice in the ballroom, a shifting and sometimes contradictory understanding of masculinity through male performance, the erasure of and reclamation of queer desire in heterosexual courting spaces, and the rhetoric of new technologies that attempted to contain, shape, and memorialize a temporal art form. A brief epilogue considers how late Victorian and heavily sanitized and romanticized depictions of the waltz reverberate today in popular films and reality TV, which perpetuate Victorian assumptions about class, gender, sexuality, and more. By understanding the history of the waltz, the reader is invited to examine

the dizzying discomfort that many Victorians expressed about forging ahead into a modern and modernizing world particularly at the turn of the century With comparatively little scholarship around understanding dance scenes and dance semiotics in literature this book articulates a new interpretive path for familiar and unfamiliar nineteenth century narratives offering new ways of understanding and engaging with the role and culture of dance     *Debatable Space* Philip
