

# Ten-Minute Grammar

## SUBORDINATE CLAUSES

### INTRODUCTION:

Welcome to *Ten-Minute Grammar*! The goal of these units is to help students build a solid understanding of grade-level grammar concepts during the first ten minutes of the class period each day. Each unit goes through a progression in which new grammatical concepts are introduced (by discovery, as much as possible), built upon, and then practiced and reviewed. In addition, the concepts in each consecutive unit build on one another logically—it might seem silly to spend time reviewing nouns and verbs with 8<sup>th</sup> graders, but it's necessary if they're going to understand things like gerunds and infinitives or specific types of verb phrases.

This unit includes a week and a half of daily bell-ringer activities, a quiz, and two practice worksheets.

### SUGGESTED TIMELINE:

- Start the Day One bell ringer on a Monday.
- The "Practice" worksheet can be done as a class any time during the week (or it can be skipped if you feel your students don't need it.)
- By Friday, if you feel the class is ready for it, give the unit quiz.
  - If you feel like the entire class needs additional practice to master the concept, there are three additional bell-ringer activities.
  - **Differentiation:** The "Alternate Quiz" included in the packet is a slightly modified quiz geared toward students with IEPs that call for such modifications.
- After the quiz, a student who clearly failed to grasp one or more of the week's concepts should be assigned the "Extra Practice" worksheet. After completing the worksheet, the student can retake the unit quiz for an improved grade.
- Starting a unit mid-week isn't a problem at all—don't feel like you **MUST** start on a Monday!

### OBJECTIVES:

1. Students should understand that...
  - a. A subordinate clause contains a subject and a predicate but cannot stand alone as a complete thought.
  - b. Subordinate clauses can begin with a subordinating conjunction OR a relative pronoun.
  - c. Subordinate clauses and dependent clauses are the same thing.
2. Students should be able to...
  - a. Identify examples of subordinate clauses and distinguish them from independent clauses.
  - b. Write examples of subordinate clauses.

### KEYS TO THE UNIT:

One of the important keys for this unit is to **limit the scope**. When you start teaching subordinate clauses, it feels natural to bring up complex sentences, run-on sentences, comma rules when dealing with dependent clauses, etc. To avoid a new-term overload for the students, focus just on getting the students to recognize and write subordinate clauses. Also, we don't focus too much on the difference between subordinating conjunctions and relative pronouns. As long as they recognize that either one of them creates a subordinate clause, that's enough.
