Into Performance Midori Yoshimoto, 2005-04-28 The 1960s was a time of incredible freedom and exploration in the art world particularly in New York City which witnessed the explosion of New Music Happenings Fluxus New Dance pop art and minimalist art Also notable during this period although often overlooked is the inordinate amount of revolutionary art that was created by women Into Performance fills a critical gap in both American and Japanese art history as it brings to light the historical significance of five women artists Yoko Ono Yayoi Kusama Takako Saito Mieko Shiomi and Shigeko Kubota Unusually courageous and self determined they were among the first Japanese women to leave their country and its male dominated conservative art world to explore the artistic possibilities in New York They not only benefited from the New York art scene however they played a major role in the development of international

performance and intermedia art by bridging avant garde movements in Tokyo and New York This book traces the pioneering work of these five women artists and the socio cultural issues that shaped their careers Into Performance also explores the transformation of these artists lifestyle from traditionally confined Japanese women to internationally active artists Yoshimoto demonstrates how their work paved the way for younger Japanese women artists who continue to seek opportunities in the West today

Challenging Past and Present Ellen P. Conant,2006-02-28 The complex and coherent development of Japanese art during the course of the nineteenth century was inadvertently disrupted by a political event the Meiji Restoration of 1868 Scholars of both the preceding Edo 1615 1868 and the succeeding Meiji 1868 1912 eras have shunned the decades bordering this arbitrary divide thus creating an art historical void that the former view as a period of waning technical and creative inventiveness and the latter as one threatened by Meiji reforms and indiscriminate westernization and modernization Challenging Past and Present to the contrary demonstrates that the period 1840 1890 as seen progressively rather than retrospectively experienced a dramatic transformation in the visual arts which in turn made possible the creative achievements of the twentieth century The first group of chapters takes as its theme the diverse cultural currents of the transitional period particularly as they applied to art The second section deals with the inconsistent yet determinedly pragmatic courses pursued by artists entrepreneurs and patrons to achieve a secure footing in the uncertain terrain of early Meiji Further chapters look at how painters and sculptors sought to absorb and integrate foreign influences and reinterpret their own stylistic mediums

Making Modern Japanese-Style Painting Chelsea Foxwell,2015-07-20 The Western discovery of Japanese paintings at nineteenth century world s fairs and export shops catapulted Japanese art to new levels of

international popularity With that popularity however came criticism as Western writers began to lament a perceived end to pure Japanese art and a rise in westernized cultural hybrids The Japanese response nihonga a traditional style of painting that reframed existing techniques to distinguish them from Western artistic conventions Making Modern Japanese Style Painting explores the visual characteristics and social functions of nihonga and traces its relationship to the past its viewers and emerging notions of the modern Japanese state Chelsea Foxwell sheds light on interlinked trends in Japanese nationalist discourse government art policy American and European commentary on Japanese art and the demands of export The seminal artist Kano Hogai 1828-88 is one telling example originally a painter for the shogun his art eventually evolved into novel eerie images meant to satisfy both Japanese and Western audiences Rather than simply absorbing Western approaches nihonga as practiced by Hogai and others broke with pre Meiji painting even as it worked to neutralize the rupture By arguing that fundamental changes to audience expectations led to the emergence of nihonga a traditional interpretation of Japanese art for a contemporary international market Making Modern Japanese Style Painting offers a fresh look at an important aspect of Japan's development into a modern nation *Japanese Art After 1945* Alexandra Munroe, 1994-09-30 This provocative book the first in English on Japanese avant garde art after 1945 is the catalogue of the most ambitious exhibition of its kind It surveys some 200 works from painting and sculpture to performance and video by more than 100 artists The exhibition comes to the Guggenheim Museum New York in September Over 445 illustrations 200 in full color

outside Japan on the history and significance of the Japanese visual arts since the beginning of the Meiji period 1868 has been with the exception of writings on modern and contemporary woodblock prints a relatively unexplored area of inquiry In recent years however the subject has begun to attract wide interest As is evident from this volume this period of roughly a century and a half produced an outpouring of art created in a bewildering number of genres and spanning a wide range of aims and accomplishments Since Meiji is the first sustained effort in English to discuss in any depth a time when Japan eager to join in the larger cultural developments in Europe and the U S went through a visual revolution Indeed this study of the visual arts of the nineteenth and twentieth centuries suggests a fresh history of modern Japanese culture one that until now has not been widely visible or thoroughly analyzed outside that country In this extensive collection which includes some 190 black and white and color reproductions scholars from Japan Europe Australia and America explore an impressive array of subjects painting sculpture prints fashion design crafts and gardens The works discussed range from early Meiji attempts to create art that referenced Western styles to postwar and contemporary avant garde experiments There are in addition substantive investigations of the cultural and intellectual background that helped stimulate the creation of new and shifting art forms including essays on the invention of a modern artistic vocabulary in the Japanese language and the history of art criticism in Japan as well as an extensive account of the career and significance of perhaps the best known Japanese figure concerned with the visual arts of his period Okakura Tenshin 1862 1913 whose *Book of Tea* is still widely read today Taken together the essays in this volume allow readers to connect ideas and images thus bringing to light larger trends in the Japanese visual arts that have made possible the vitality range and striking achievements created during this turbulent and lively period Contributors Stephen Addiss Chiaki Ajioka John Clark Ellen Conant Mikiko Hirayama Michael Marra Jonathan Reynolds J Thomas Rimer Audrey Yoshiko Seo Eric C Shiner Lawrence Smith Shuji Tanaka Reiko Tomii Mayu Tsuruya Toshio Watanabe Gennifer Weisenfeld Bert Winther Tamaki Emiko Yamanashi

The Politics of Painting Asato Ikeda, 2018-05-31 This book examines a set of paintings produced in Japan during the 1930s and early 1940s that have received little scholarly attention Asato Ikeda views the work of four prominent artists of the time Yokoyama Taikan Yasuda Yukihiko Uemura Shen and Fujita Tsuguharu through the lens of fascism showing how their seemingly straightforward paintings of Mount Fuji samurai beautiful women and the countryside supported the war by reinforcing a state ideology that justified violence in the name of the country's cultural authenticity She highlights the politics of apolitical art and challenges

the postwar labeling of battle paintings those depicting scenes of war and combat as uniquely problematic Yokoyama Taikan produced countless paintings of Mount Fuji as the embodiment of Japan's national body and spirituality in contrast to the modern West's individualism and materialism Yasuda Yukihiro located Japan in the Minamoto warriors of the medieval period depicting them in the Yamato-e style which is defined as classically Japanese Uemura Shōen sought to paint the quintessential Japanese woman drawing on the Edo period bijin-ga beautiful women genre while alluding to noh aesthetics and wartime gender expectations For his subjects Fujita Tsuguharu looked to the rural snow country where it was believed authentic Japanese traditions could still be found Although these artists employed different styles and favored different subjects each maintained close ties with the state and presented what he considered to be the most representative and authentic portrayal of Japan Throughout Ikeda takes into account the changing relationships between visual iconography artistic style and its significance by carefully situating artworks within their specific historical and cultural moments She reveals the global dimensions of wartime nationalist Japanese art and opens up the possibility of dialogue with scholarship on art produced in other countries around the same time particularly Nazi Germany and Fascist Italy *The Politics of Painting* will be welcomed by those interested in modern Japanese art and visual culture and war art and fascism Its analysis of painters and painting within larger currents in intellectual history will attract scholars of modern Japanese and East Asian studies

History of Japanese Art Penelope E. Mason, 1993 A comprehensive extensively illustrated overview of Japanese art from the Jōmon period 10,500 B.C.E. to 300 B.C.E. through World War II **In the Shadow of Empire** Alicia Volk, 2025-05-19 A pioneering look at an immensely creative period in Japanese art that developed amid the Cold War Alicia Volk brings to light a significant body of postwar Japanese art exploring how it accommodated and resisted the workings of the American empire during the early Cold War Volk's groundbreaking account presents the points of view of Japanese artists and their audiences under American occupation and amid the ruins of war Each chapter reveals how artists embraced new roles for art in the public sphere at times by enacting radical critiques of established institutions values and practices and situates a range of compelling art objects in their intersecting artistic and political worlds Centering on the diverse and divisive terrain of Japanese art between 1945 and 1952 *In the Shadow of Empire* creates a fluid map of relationality that brings multiple Cold War spheres into dialogue stretching beyond US occupied Japan to art from China Europe the Soviet Union and the United States and demonstrates the rich potential of this transnational site of artmaking for rethinking the history of Japanese and global postwar art
