workshop manuals However in 1962 the Giulietta sport models Sprint Sprint Special and Spider were fitted with the new 1600cc engine and the Giulietta Series 101 name was dropped but they continued to be sold under the Giulia name as 101 Series vehicles until they were replaced by the all new 105 Series Giulia based models in 1965 Consequently for the sake of completeness the 20 page October 1963 Technical Characteristics booklet Part No 955 1000 copies for the 1600cc Giulia Ti Spider Sprint and the 7 page October 1964 Technical Characteristics for the Giulia Spider Veloce should be a required addition to this list of manuals for the 750 and 101 Series models *Fiat 1100, 1100d, 1100r and 1200 1957-1969 Owners Workshop Manual* Autobooks,2008-08-01 166 pages 217 illustrations size 7 5 x 9 25 inches As a service to the classic car enthusiast VelocePress in close cooperation with Brooklands Books Ltd has brought this and other repair manuals previously published as part of the Autobook Autopress Owners Workshop Manual Series back into print This series of manuals is an invaluable resource for the classic car enthusiast and a must have for owners interested in performing their own maintenance These manuals include detailed repair service data and comprehensive step by step instructions and illustrations on dismantling overhauling and re assembly Typically they contain individual chapters that deal with the following items Engine Carburetor Fuel System Ignition System Cooling System Clutch Transmission Drive Shaft Rear Axle Rear Suspension Front Suspension Hubs Steering Gear Braking System Electrical Equipment and Bodywork There are many time saving hints and tips included and there is an easy to follow fault diagnosis at the end of each chapter All of the manuals in this series include a detailed index and feature an oil resistant laminated cover **Alfa Romeo Alfetta All Models Owner's Workshop Manual** Peter G.
