final illness The six published novels are now undisputed classics The manuscripts however despite the extraordinary writing they contain and the way in which they illuminate Jane Austen's work as a novelist are much less well known From the brilliance of the juvenilia to the urbane modernity of *Sanditon* these works show Austen pushing the conventional boundaries of fiction exploring the implications of vulgarity and violence experimenting with different styles and tones and practicing and refining her arts of narrative This Broadview Edition includes *Lady Susan* *The Watsons* *Sanditon* and ten important early manuscript works Historical appendices include Austen's letters on fiction continuations written by Austen's niece and nephew of two of her early works and Sir Walter Scott's important critical appraisal of Austen from 1816
