Drug Problems Richard Isralowitz,Richard Rawson,Mohamed Afifi,2002-01-30 Substance abuse and its social consequences are a major public concern for communities throughout the world The motivations and consequences are deeply imbedded within the social and political structures of all countries whether they be well established democracies or developing nations Every culture shapes the meaning of and responses to substances such as marijuana and heroin over time and across locations but the broader drug issue has become universal As the sphere of the problem expands the experiences and solutions of each nation become more relevant to other countries International concern over substance abuse has

intensified as a result of the rise in production use and trafficking of illicit drugs all over the world Therefore the practical knowledge of policy development and abuse prevention and treatment strategies in the Middle East have increasing relevance for the rest of the world *Client's Handbook: Matrix Intensive Outpatient Treatment for People With Stimulant Use Disorders* U.S. Department of Health and Human Services,2019-03-17 The handouts in this book will help you get the most out of your Matrix treatment Some handouts ask questions and have spaces for your answers Other handouts ask you to read and think about a subject or an idea or they contain advice or reminders about recovery It is a good idea to keep and review the handouts after you have used them They will help you stay strong as you continue in your recovery During each treatment session your counselor will ask you to follow along on the handout while he or she goes over it with the group The counselor will give you time to think about what it says and write your answers to questions it may ask The group will then discuss the handout You should share your thoughts and ask questions during this time If you still have questions there will be more time to ask questions during the last part of each session *Conducting Multiple Site Evaluations in Real-World Settings* James M.
