Iron Mountain Report Hoax:

Beyond Iron Mountain Arturo Raymond, 2017-03-05 In 1961 President John F Kennedy became interested in what would happen in a world of peace instead of a world constantly at war He then ordered a Top Secret study known as Publication 7277 to see what the possible outcome might be Although JFK had good intentions considering the threat of mutual widespread nuclear annihilation at the height of the Cold War his plan for peace metastasized into a blueprint to bring America into a New World Order The book Report from Iron Mountain is a favorite among conspiracy theorists rejecting statements by the author Leonard Lewin that the book was really an elaborate hoax This infamous hoax claims that governments intentionally wage wars to prevent political and economic collapse One need only look at what has happened in our country and the world since that report to understand it was NOT a hoax and that Report from Iron Mountain was almost a carbon copy of the very real Publication 7277 a carefully crafted design for the destruction of America [Report from Iron Mountain](#) Leonard Lewin, 2018-07-25 Report from Iron Mountain unveils a hitherto top secret report of a government commission that was requested to explore the consequences of lasting peace on American society The shocking results of the study as revealed in this report led the government to conceal the existence of the commission they had found that among other things peace may never be possible that even if it were it would probably be undesirable that defending the national interest is not the real purpose of war that war is necessary that war deaths should be planned and budgeted REPORT FROM IRON MOUNTAIN tells the story of how the project was formed how it operated What happened to it It includes the complete verbatim text of the commission's hitherto classified report *Report from Iron Mountain* Leonard C. Lewin, 2002-02 Upon its first appearance in 1967 this best selling secret government report sparked debate among journalists scholars with its convincing claim a condition of permanent peace at the end of the Cold War would threaten our nation's economic social stability The report was finally identified as an anti militarist hoax that lampoons think tank jargon by peace activists Leonard Lewin with Victor Navasky Richard Lingeman E L Doctorow John Kenneth Galbraith Long out of print it suddenly reappeared in bootleg editions more than 20 years later now being read as a bible by the militias of the radical right This edition has an intro by Navasky articles that appeared on the book's original publication **Ghosts of Iron Mountain** Phil Tinline, 2025-03-27 A Times History Book of the Year How did America end up trapped in a nightmare of conspiracy theories in which millions see the government as an evil deep state In 1967 at the height of the Vietnam War a group of New York writers concocted what appeared to be a top secret government report into what would happen to the USA if permanent global peace broke out Report from Iron Mountain claimed that winding down America's vast war making machinery would wreck the economy and tear society apart necessitating draconian controls over the population It was published as non fiction and was frighteningly convincing Journalists tried to find out who had written it Worried memos reached right up to the president It became a bestselling cause celebre Even when the hoax was revealed many refused to believe it wasn't real The Report was seized on

by eager figures on the far right and in the militia movement who insisted that it revealed terrifying government conspiracies to pollute the environment enslave Americans and even instigate eugenics And its legacy lives on today Ghosts of Iron Mountain traces this story through a gallery of vivid characters from the radical academic C Wright Mills and the writers E L Doctorow Victor Navasky and Leonard Lewin in 1960s New York to the far right impresario Willis Carto Oklahoma City bomber Timothy McVeigh conspiracy theorist Milton William Cooper L Fletcher Prouty the inspiration for Mr X in the film JFK and ranting broadcaster Alex Jones This is one of the great stories of our time and reveals how nightmares about its own government drove America crazy

Report From Iron Mountain Leonard C. Lewin,2008-07-28 Claiming to be of the contents of a secret government report until it was proven false by the investigative work of journalist and scholars Report from Iron Mountain outlines the social structure changes that would come with world peace in the 1960s This political satire that took the world by storm under the guise of a secret government report was a bestselling novel of the late 1960s After journalists and scholars debated for years over its disturbing claims the truth revealed that the perplexing ingenious and ceaselessly curious Report from Iron Mountain was not filled with contents of a top secret document but rather made up of writer editor Leonard Lewis s own fictional predictions Lewis claims that the condition of permanent peace at the end of the Cold War would threaten the nation s economic and social stability in addition to his controversial examination of how political leadership reflects on the nation s ability to go to war Though proven to be a false claim of nonfiction Lewin and the consortium of peace movement intellectuals that conceived and launched the concept went on to publish a book that would take on a life of its own far from what was intended
