Ghiloni, 2019-08-01 Motivated by the intellectual historian Shahab Ahmed s observation that the history of Islamic paideia has yet to be written Islam as Education explores multiple forms that the search for knowledge and the transmission of wisdom have taken in Islam focusing on the classical period 800 1500 CE Ghiloni draws on a wide range of Islamic primary source material ranging from sacred texts and parables to neglected pedagogical literature and paintings He depicts three Islamic religious practices pilgrimage prophecy and jihad as modes of pedagogy embodied ways of defining defusing and defending sacred knowledge Islam as Education s educational heuristic not only aids in understanding Islam but also provides guidance for intercultural and interreligious relations Ghiloni argues that Islam's grand knowledge tradition serves as a bridge between Muslims and non Muslims and compares it with the educational theory of John Dewey the celebrated American pragmatist Based on this discussion a final chapter develops practical tools for learning from cultural and religious difference Legal Order Federico Lorenzo Ramaioli, 2022-04-04 This book explores the legal dimension of the Islamic State an aspect which has hitherto been neglected in the literature ISIS dystopian experience intended as a short lived territorial and political governance has been analyzed from multiple points of view including the geopolitical social and religious ones However its legal dimension has never been properly dealt with in a comprehensive way assuming as a point of reference both the Islamic and the Western legal tradition This book analyzes ISIS as the expression of a potential though never fully realized legal order The book does not describe ISIS possible classifications according to the standards and the criteria of international law such as its possible statehood or proto statehood issues that are however touched upon Rather it analyzes ISIS own legal awareness based on the group's literary materials which show a considerable amount of juridical work Such material mainly propagandistic in its nature is essential in understanding which kind of legal order ISIS aimed at establishing The book will be of interest to students and academics in the fields of Law International Relations Political Sciences Terrorism Studies Religion and Middle Eastern Studies A World Religions Reader Ian S. Markham, Christy Lohr Sapp, 2009-05-26 Providing a comprehensive exploration of the teachings and beliefs of the world's living faiths the third edition of this popular book has been revised and updated to reflect the vibrant role religion plays in the twenty first century The World Religions Reader Explores the unique nature of various faiths by introducing their traditions and rituals ethical
