**Firms as Political Entities** Isabelle Ferreras, 2017-10-25 When people go to work they cease to be citizens At their desks they are transformed into employees subordinate to the hierarchy of the workplace The degree of their sense of voicelessness may vary from employer to employer but it is real and growing inflamed by populist propaganda that ridicules democracy as weak and ineffective amid global capitalism At the same time corporations continue untouched and even unremarked as a major source of the problem Relying on economic bicameralism to consider firms as political entities this book sheds new light on the institutions of industrial relations that have marked the twentieth century and argues that it is time to recognize that firms are a peculiar institution that must be properly organized in order to unshackle workers motivation and creativity and begin nurturing democracy again For more information please visit the accompanying website [www.firmsaspoliticalentities.net](http://www.firmsaspoliticalentities.net) *The right and the recession* Edward Ashbee, 2015-07-01 The right and the recession considers the ways in which conservative activists groupings parties and interests in the US and Britain responded to the financial crisis and the Great Recession that followed in its wake The book looks at the tensions and stresses between different ideas interests and institutions and the ways in which they shaped the character of political outcomes In Britain these processes opened the way for leading Conservatives to redefine their commitment to fiscal retrenchment and austerity Whereas public expenditure reductions had been portrayed as a necessary response to earlier overspending they were increasingly represented as a way of securing a permanently leaner state The book assesses the character of this shift in thinking as well as the viability of these efforts to shrink the state and the parallel attempts in the US to cut federal government spending through mechanisms such as the budget sequester **Real Estate Record and Builders' Guide**
