Manual Dental Charting:

Dental Charting Trudy Karlene Weaver, Maura Apfel, 1981 Dental Charting Jill Jaroski-Graf, 2000 This comprehensive resource is the only one of its kind dedicated exclusively to dental charting techniques. The standard approach is proposed because different methods are used and taught. Dental charting procedures are designed and illustrated using three types of coding systems: anatomic, geometric, and numeric. Photographs and radiographs of each restoration and condition are included to provide an accurate visual representation of the information being charted. Information on forensics and computerized dental charting and dental charting flash cards are available as online companions.
