INSTALLATION OF A CHILD-RESTRAINT SYSTEM

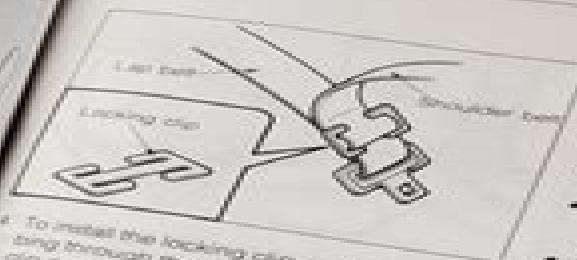

The installation of a child-restraint system requires a seat-belt locking clip. Secure the child-restraint system with the lap belt, as shown in the illustration.
To prevent loosening of the lap belt, use a Genuine Mazda locking clip (part number FA55-57-999, available at Authorized Mazda Dealers) or a clip of equivalent dimensions and strength.

1. Slide the seat to the rearmost position.
2. Secure the system with the lap and shoulder belts.
3. Tighten the lap belt by pulling on the shoulder belt.

NOTE

When your child-restraint system is not installed, store the locking clip in the glove box to prevent its loss.

4. To install the locking clip, insert the webbing through the recesses of the locking clip near the seat-belt latch.
5. After securing the belt with the locking clip, tuck the shoulder portion of the belt between the child-restraint system and the seat back.

NOTE

If the belt locks when being wound it completely in the retractor, pull it out to the desired length.

Seat Belts

WARNING!

- Never wear under the arm.
- Never swing, and over the head.
- Never use a seat belt with more than one person.
- Be sure the lap belt is fitted snugly, not the waist.
- Use the shoulder side shoulder only.
- Failure to follow these instructions could increase the severity of injury.
