These are the attributes that give our lives power and vividness and joy as they are also the marks of great art Richard
Holloway When Holloway uttered these words he may as well have been talking about minimalism Minimalism is the art of
living a more fulfilling life with only the things you need It is about having less mental emotional and physical clutter
negative thoughts patterns and busyness while having more time and space for things that really matter to you The
underlying idea or concept seems easy However living a minimal life is hard especially in our modern society where having
more is the in thing In the world we live in we barely have time to pay attention to what we need As a result we have lost
touch with ourselves and in the process lost our values This has created a void within us a void we try to close with more
stuff more activities and more company Minimalism is a way to return to consciousness of choices and start living with
intention By adopting minimalism you will live a more rewarding life If you do not know where to start you do not need to
rake your brain anymore This book is the ultimate minimalism guide and the only book you need to learn what minimalism is
and how to integrate it into your life Here s a Preview of What You ll Learn What is minimalism How to become a minimalist
How to create a minimalistic home The principles of minimalist living How to detach yourself from material belongings How
to focus on what truly adds value to your life and much more People who practice minimalism experience clarity peace of
mind stronger relationships and true lasting happiness You too can experience the amazing benefits of becoming a minimalist
