The Directive 2002/96/EC "Waste of Electrical and Electronic Equipment Directive (WEEE)" impacts most distributors, retailers, and manufacturers of consumer electronics in the European Union. The WEEE Directive requires the producer of consumer electronics to take responsibility for the management of waste from their products in a more environmentally responsible manner during the product life cycle.

WEEE compliance may not be required in your location for electrical & electronic equipment (EEE), but may be required for EEE designed and intended as fixed or temporary installation or transportation vehicles such as automobiles, aircraft, and boats. In some European Union member states, these vehicles are considered outside of the scope of the Directive, and EEE for these applications can be considered excluded from the WEEE Directive requirements.

The symbol (WEEE symbol icon) on product indicates the product must not be disposed of with other household waste. It must be disposed of and collected for recycling and recovery of waste EEE. Johnson Outdoors Marine Electronics, Inc. will mark all EEE products in accordance with the WEEE Directive. It is our goal to comply in the collection, treatment, recovery, and environmental safe reuse/disposal of these products; however, these requirements vary within European Union member states. For more information about where you should dispose of your waste equipment for recycling and recovery, contact your European Union member state requirements, please contact your dealer or distributor from which your product was purchased.

Recycle

Dans certains pays membres de l'Union européenne, les véhicules sont considérés comme exclus des termes de la directive de l'équipement électrique et électronique pour ces applications peut être considéré en dehors des exigences de la directive WEEE.

Johnson Outdoors Marine Electronics, Inc. marquera tout équipement électrique et électronique selon la directive WEEE. Nous avons pour but de respecter le recyclage, le traitement, la récupération et le ré-usage de nos produits électroniques en conformité avec les lois de votre pays.
