this manual The first was titled Number 3 Manual and the second Motorcycle Scooter Manual but unfortunately the
publication dates of the individual pages were not identified However based on the contents we can estimate that they were
published in 1964 and 1969 approximately The later manual contains considerably more information plus numerous updates

later manual as it was probably considered to be outdated However as that outdated information is of significant interest to
today s owners and restorers we have combined the entire data from both manuals into a single publication Please note that
wherever the earlier data had been updated we have only included the latest update in order to prevent duplication of
information This combination manual includes alternator and generator testing and servicing instructions spare parts
