Narrative Group Therapy:

"Circle": An Introduction and Examination of Its Appropriateness as a Narrative Group Therapy Technique with Adolescents Joshua Relin, 2007 Adolescence can be a difficult time especially for young men who are at risk due to communal and or familial stressors Group therapy has been demonstrated to be an effective form of treatment for at risk adolescents as it is geared towards the utilization of developmentally apposite factors such as the formation of an identity in relation to peers intensification of self awareness and empathy and interest in close relationships and friendships Shechtman 2004 Currently empirically supported treatments ESTs which tend towards cognitive behavioral and psycho educational modes of intervention dominate the adolescent group therapy field Guimon 2004 While these types of group treatment can be effective for some individuals they come up short in providing the kind of self expressiveness cathartic experiences social acceptance and support and guidance and training in areas of social deficit Shechtman 2004 p 436 that can be crucial to adolescents The current study examines one such group therapy technique that is geared towards providing treatment based on self expressiveness peer support and authentic interactions and self examination Called Circle it has been quietly developed in Arizona and California over the past 30 years in several different residential and day treatment settings In order to better understand Circle and its structure the current study was designed so as to construct a comprehensive history of Circle through several interviews of its creators The interviews were also analyzed using a grounded theory approach in order to ascertain the therapeutic intentions of Circle s creators and what emerged was a comprehensive philosophy and structure geared towards facilitating authentic expression The current study also integrated the information that was gathered about Circle with the current literature on narrative therapy a postmodern approach to treatment that has been shown to be effective with adolescent clients demonstrating that it could be effectively used as a means of conducting narrative group therapy Finally the author of the current study co facilitated a narrative Circle group at a public high school in the San Francisco Bay Area establishing that Circle can be a viable approach to treatment outside of the residential and day treatment settings where it is currently being utilized

Attachment Narrative Therapy Dallos, Rudi, 2006-05-01 This book sets out a framework for practice that provides a new approach to working with families couples and individuals This is not offered as a prescriptive model but as an aid and guide to practice that draws aspects of narrative and attachment therapy into systemic work

Kids' Club Letters Georgia A. DeGangi, Marc A. Nemiroff, 2009-08-26 Kids Club Letters provides an innovative approach to group psychotherapy for school aged children who experience a range of social and emotional problems A narrative therapy approach is adapted taking the form of letters written by the therapist in the voice of a child who is asking for advice about interpersonal or emotional problems The child in the letter is asking for guidance from the participants in the group These letters were devised and written for the purpose of structuring responses in group psychotherapy allowing the participants to address relevant issues for them individually and at the group level The children

in the groups had previously experienced difficulty discussing these issues spontaneously Hence the Dear Group letter format was born The children did not know that the therapist had written the letters **Understanding Narrative**

Therapy Sonia L. Abels, MSW, 2001-03-20 A clear guide to one of today's most popular treatment modalities this volume explores why the narrative metaphor is important in the therapeutic relationship and how to incorporate narrative techniques into social work practice Building on basic insights about how stories shape people's lives and how destructive stories can be modified the authors explore various applications of the narrative approach These applications include conducting groups working with multicultural clients and supplementary classroom discussions **An Integrative**

Approach to Clinical Social Work Practice with Children of Incarcerated Parents Anna Morgan-Mullane, 2023-05-19 This book is an essential clinician's guide to understanding unpacking treating and healing individual familial and communal wounds associated with parental incarceration Readers gain familiarity with integrative micro and macro healing techniques and modalities that are currently being utilized as anti racist anti oppressive and innovative practices They also develop an understanding of and deeper unpacking of their own biases within the therapeutic relationship The book offers an extensive overview of clinical practice models such as trauma focused cognitive behavioral therapy narrative therapy and relational and attachment based therapy for treating trauma symptoms associated with children of incarcerated parents their families and their surrounding communities The author provides guidance on healing complex trauma through phase oriented multimodal and skill focused treatment approaches with emphasis on strengthening one's own narrative of power and pain while building community in supportive spaces Among the topics covered Why Criminal Justice Is Relevant to All Clinical Practitioners Impact of Secondary Incarceration Collateral Consequences for Children and Families Psychosocial Stressors for Children of Incarcerated Parents Conspiracy of Silence and Ambiguous Loss Supervision and the Therapeutic Alliance Critical Consciousness and Anti racist Clinical Training and Undoing Clinical Partnership Application of Dismantling Anti Blackness Through Anti oppressive Practice and Critical Consciousness An Integrative Approach to Clinical Social Work Practice with Children of Incarcerated Parents enhances therapeutic relationships for social workers teaches innovative clinical practices most effective for this population and offers a comprehensive discussion and understanding of the complex traumas faced both historically and presently by children and families impacted by the criminal justice system Although designed to inspire and train social workers the guide has significantly wide ranging application for mental health and medical providers and other clinicians interested in enhancing their work with children and families impacted by the criminal justice system in diverse clinical practice settings Lay practitioners and policymakers within government and not for profit settings also will find the book of interest Narrative Group Therapy with Outpatient Adolescents David Charles Kaptain, 2004 Adolescent substance abuse remains a major public health concern The comprehensive detrimental effects of teenage drug use coupled with troubling relapse rates highlight the need for innovative effective and helpful treatment

interventions Adolescents in treatment and the adults that work with them are subject to often negatively influential societal discourses that limit treatment effectiveness as well as the development of adolescent treatment satisfaction and therapeutic alliance Narrative therapy is promoted in theoretical and clinical literature as a viable way of addressing these problems Preliminary work has been done in the area of narrative therapy with adolescents and particularly with substance abusing and chemically dependent adolescents however empirical and qualitative research regarding narrative therapy with teens is scarce Studies examining narrative therapy in regard to the promotion of treatment satisfaction and therapeutic alliance are virtually non existent This study presents preliminary empirical and phenomenological research that indicates a positive adolescent response to narrative therapy These responses involve the development of greater subjective understanding of and increased resistance to substance abuse and behavioral problems Finally the information presented in this study points to the development of a potentially useful group treatment model of narrative therapy with adolescents having substance abuse and other behavior or emotional problems
