

# UFEMINISTI

Ufeministi ni istilahi inayotumiwa kueleza nadharia ambayo imewekewa misingi na msukumo mkubwa pamoja na nia ya kupigania ukombozi wa wanawake kutokana na pingu za kiutamaduni na kidini zilizomfunga kwa muda mrefu. (Malenya, 2012)

Katika Wamitila (2002:235), Ufeministi ni nadharia inayopinga asasi zote za kijamii zinazochangia katika kudhulumwa kwa mwanamke.

and art Presenting an interpretation of contemporary technics Anti Electra argues that technology today encompasses Electra s gadgets and toys According to von Samsonow satellite drive technologies such as wireless telephones WLAN and GPS echo the preoedipal constellation that the girl specializes in And with the help of the girl the cartography of overlapping zones between humankind and animals as well as between humankind and apparatuses is redesigned through what the book holds as a radical totemism Anti Electra ultimately offers a new view on gender the contemporary world dyed by symbolic girlism and the universal girl in critical dialogue with media ecology and society

*Making Sense of Women's Lives* Michelle Plott,Lauri Umansky,2000 Making Sense of Women s Lives presents a wide range of writings about women s lives in the United States Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection

Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits the editors have also chosen writing that makes an enjoyable read A few of the selections here represent the undisputed classics of the field More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America Making Sense of Women s Lives is intended as the primary text in Women s Studies courses With that usage in mind Plott and Umansky have provided brief introductions to each article to help students understand the author s perspectives Thought and discussion questions follow each selection The book contains as well numerous Flash Exercises suggestions for class exercises and activities The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women s Studies A Collegiate Press book

**A Feminist Legacy** Suzanne Bordelon,2009-03-10 The first book length investigation of a pioneering English professor and theorist at Vassar College A Feminist Legacy The Rhetoric and Pedagogy of Gertrude Buck explores Buck s contribution to the fields of education and rhetoric during the Progressive Era By contextualizing Buck s academic and theoretical work within the rise of women s educational institutions like Vassar College the social and political movement toward suffrage and Buck s own egalitarian political and social ideals Suzanne Bordelon offers a scholarly and well informed treatment of Buck s achievements that elucidates the historical and contemporary impact of her work and life Bordelon argues that while Buck did not call herself a feminist she embodied feminist ideals by demanding the full participation of her female students and by challenging power imbalances at every academic social and political level A Feminist Legacy reveals that Vassar College is an undervalued but significant site in the history of women s argumentation and pedagogy Drawing on a rich variety of archival sources including previously unexamined primary material A Feminist Legacy traces the beginnings of feminist theories of argumentation and pedagogy and their lasting legacy within the fields of education and rhetoric After the "Speculative Turn": Realism, Philosophy, and Feminism Katerina Kolozova,Eileen A. Joy,2016 Recent forms of realism in continental philosophy that are habitually subsumed under the category of speculative realism a denomination referring to rather heterogeneous strands of philosophy bringing together object oriented ontology OOO non standard philosophy or non philosophy the speculative realist ideas of Quentin Meillassoux and Marxism have provided grounds for the much needed critique of culturalism in gender theory and the authority with which post structuralism has dominated feminist theory for decades This publication aims to bring forth some of the feminist debates prompted by the so called speculative turn while demonstrating that there has never been a niche of speculative realist feminism Whereas most of the contributions featured in this collection provide a theoretical approach invoking the necessity of foregrounding new forms of realism for a feminism beyond gender as culture some of the essays tackle OOO only to invite a feminist critical challenge to its paradigm while others refer to some extent to non philosophy or the new materialisms but are not reducible to either of the two We have

invited essays from intellectual milieus outside the Anglo Saxon academic center bringing together authors from Serbia Slovenia France Ireland the UK and Canada aiming to promote feminist internationalism rather than a generous act of cultural inclusion

**Women, Culture and Society** Rutgers University,1992-08-01 [Catching a Wave](#) Rory Dicker,Alison Piepmeier,2016-02-01 Young women today have benefited from the strides made by grassroots social activists in the 1960s and 1970s yet they are hesitant to identify themselves as feminists and seem apathetic about carrying the torch of older generations to redress persistent sexism and gender based barriers Contesting the notion that we are in a post feminist age this provocative collection of original essays identifies a third wave of feminism The contributors argue that the next generation needs to develop a politicized collective feminism that both builds on the strategies of second wave feminists and is grounded in the material realities and culture of the twenty first century Organized in five sections that mirror the stages of consciousness raising this is an engaging often edgy look at a broad range of perspectives on the diversity complexity multiplicity and playfulness of the third wave It is also a call to action for new voices to redefine a feminism that is not only personally aware but also politically involved

*Feminist Studies* Nina Lykke,2010-04-05 In this book feminist scholar Nina Lykke highlights current issues in feminist theory epistemology and methodology Combining introductory overviews with cutting edge reflections Lykke focuses on analytical approaches to gendered power differentials intersecting

with other processes of social inclusion based on race class and sexuality Lykke confronts and contrasts classical stances in feminist epistemology with poststructuralist and postconstructionist feminisms and also brings bodily materiality into dialogue with theories of the performativity of gender and sex This thorough and needed analysis of the state of Feminist Studies will be a welcome addition to scholars and students in Gender and Women's Studies and Sociology **A**
