Gospel After Christendom Zondervan, 2025-09-16 Even after Christendom our culture is fertile ground for gospel renewal We need apologetics for the whole church tailored to this moment Since the fall of Christendom Christians in Western countries can no longer assume their neighbors share basic familiarity with the Bible or even a sense for God We now face a strange mixture of apathy and antagonism toward the gospel Some people view Christianity as yesterday's news For others it is the source of today's problems Lately though more and more are open to the idea that Christianity may be tomorrow's hope Amid these confusing and conflicting shifts we need apologetics for the whole church and not just for those who enjoy arguing Cultural apologetics can help uncover opportunities to proclaim the gospel as the only way to fulfill longings for truth beauty and goodness Churches that embrace this approach can be strengthened and renewed as they demonstrate an appealing and convicting way of life that stands out in the world In *The Gospel after Christendom* scholars and practitioners from the Keller Center for Cultural Apologetics define cultural apologetics explain its biblical and historical grounding and demonstrate its importance for the church today Their diverse viewpoints united in the gospel offer a balanced approach that can guide Christians to share the Good News with their neighbors in this challenging but exciting time With contributions from Sam Chan Joshua D Chatraw James P Eglinton Skyler R Flowers Rachel Gilson Collin Hansen Rebecca McLaughlin Ivan Mesa Alan Noble Gavin Ortlund Derek Rishmawy Daniel Strange Bob Thune Christopher Watkin Trevin Wax **Routledge**

Contemporary Australian Literature Nicholas Birns, 2015-12-01 Australia has been seen as a land of both punishment and refuge Australian literature has explored these controlling alternatives and vividly rendered the landscape on which they transpire Twentieth century writers left Australia to see the world now Australia's distance no longer provides sanctuary But today the global perspective has arrived with a vengeance In Contemporary Australian Literature A World Not Yet Dead Nicholas Birns tells the story of how novelists poets and critics from Patrick White to Hannah Kent from Alexis Wright to Christos Tsiolkas responded to this condition With rancour concern and idealism modern Australian literature conveys a tragic sense of the past yet an abiding vision of the way forward Birns paints a vivid picture of a rich Australian literary voice one not lost to the churning of global markets but in fact given new life by it Contrary to the despairing of the critics Australian literary identity continues to flourish And as Birns finds it is not one thing but many In this remarkable bold and fearless book Nicholas Birns contests how literary cultures are read how they are constituted and what they stand for In examining the nature of the barriers between public and private utterance and looking outside the absurdity of the rules of genre Birns has produced a redemptive analysis that leaves hope for revivifying a world not yet dead John Kinsella
