Money Of The Russian Revolution 1917 1920:

Money of the Russian Revolution Mikhail V. Khodjakov, 2014 During the Russian Revolution and the ensuing Civil War more than 20 000 kinds of banknotes were used throughout the vast expanse of the former Russian Empire At that time money was issued not only by the official authorities such as the Imperial Government the Provisional Government and later the Bolshevik Government but also by Generals Denikin Wrangel and Yudenich Admiral Kolchak Atamans Semyonov and Petliura Hetman Skoropadskyi and many other great and small rulers of Russia Russian money was manufactured in Great Britain Germany Sweden and the United States Using new archival data this book expands and in a number of cases revises the well established view of the daily life of people during the Revolution and dispels the settled myth about how the natural economy prevailed in the years of the Russian Civil War War and Revolution Norman E. Saul, 2001 The third volume in Saul's history of U S Russian relations looks at events surrounding America's entry into the European conflict and its encouragement of continued Russian participation even in the face of domestic unrest Saul's history of Russian and East European studies at the University of Kansas draws on military and diplomatic archives in both countries to provide detailed accounts of the activities of consular diplomatic and military staffs as well as American businessmen Red Cross volunteers and journalists who were working in Russia His previous diplomatic histories *Distant friends* and *Concord and conflict* cover events from the 18th and 19th centuries c Book News Inc **The Russian revolution, 1917-1921, by William Henry Chamberlin ...** William Henry Chamberlin, 1935 **The Russian Revolution, 1917-1921** William Henry Chamberlin, 1952 *History's Greatest Heist* Sean McMeekin, 2008-12-17 How Lenin's regime turned Russia's priceless cultural patrimony into armored cars trains planes and machine guns Historians have never resolved a central mystery of the Russian Revolution How did the Bolsheviks despite facing a world of enemies and leaving nothing but economic ruin in their path manage to stay in power through five long years of civil war In this penetrating book Sean McMeekin draws on previously undiscovered materials from the Soviet Ministry of Finance and other European and American archives to expose some of the darkest secrets of Russia's early days of communism Building on one archival revelation after another the author reveals how the Bolsheviks financed their aggression through astonishingly extensive thievery Their looting included everything from the cash savings of private citizens to gold silver diamonds jewelry icons antiques and artwork By tracking illicit Soviet financial transactions across Europe McMeekin shows how Lenin's regime accomplished history's greatest heist between 1917 and 1922 and turned centuries of accumulated wealth into the sinews of class war McMeekin also names names introducing for the first time the compliant bankers lawyers and middlemen who for a price helped the Bolsheviks launder their loot impoverish Russia and impose their brutal will on millions **The Russian Revolution** James Mavor, 1929 **A Companion to the Russian Revolution** Daniel Orlovsky, 2020-08-21 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered
