When barter system was prevalent, human relations deteriorated to a great extent

When barter system was prevalent, human relations deteriorated to a great extent. The reason for this is that in a barter system there is no currency or money. Therefore, when a person has a surplus of goods and services he can exchange them with others but if his requirements are more than what he has then he faces a problem.

The existence of money paved way for good and improved living standard

The introduction of money has made our lives easier than before. We can now purchase goods and services without having to wait for someone to give us what we need. People can also save up their money for future use when the need arises without having to worry about keeping track of everything they have spent on each item or service rendered to them.

Money Important In Life Essay:

PHILOSOPHY OF LOVE Adrian Gabriel Dumitru, His love Her fantasy understanding what love is about As a man but also as a woman we try to define the undefined from a love story Dreaming about love and being in love the path from the fantasy to the love story itself is just a matter of luck or maybe where you find yourself on the timeline of your own life Maybe is the perfect time for you to explore what love is about or maybe other things are important at the moment and the love story can only be a future project Exploring what love is about in our minds as a fantasy or in the real life as a real love story is depending only and only if we are ready or not But what is the difference between fantasy and reality when even the Bible is saying that everything we see is just an illusion Well i believe that the fantasy is only the beginning of defining what we want and the love story is the experiment itself Is it too much to name a love story an experiment Well exploring as a fantasy or as reality is letting your soul understand what love is about And sometimes is even a life lesson The moment when you jump into the fairy tale the real fantasy and you understand the meaning of love the fact that love is about giving and not about receiving that is the moment when you also understand what life is about Accepting your partner just as he she is just as accepting all the people from our lives is the moment of awakening And also you should know that this path is leading you to point when your thinking will be totally redefined Life itself is about love Seeing what love is about is understanding the meaning of life If the love chapter started for you even if it s just a fantasy or reality you should be happy The awakening will come to you
