Le Web En Perspective Une Analyse Socioéconomique De L'internet:

Le web 2.0 en perspective Franck Rebillard, 2007-11-01 La formule web 2.0 a été forgée pour désigner une nouvelle génération d'applications internet dont les plus connues se nomment Youtube My Space ou Facebook et rassemblent aujourd'hui plusieurs millions d'utilisateurs Cette formule pour grand nombre de journalistes politiques est la promesse d'une véritable transformation de la société Le présent ouvrage se place contre courant de ce type d'affirmations prophétiques pour montrer que l'utopie techniciste ne se transforme pas naturellement en réalité sociale Il faut réintroduire de la complexité et de la nuance dans la compréhension d'un avant et un après internet *French Perspectives on Media, Participation and Audiences* Céline Ségur, 2020-02-19 This book provides a theoretical assessment of audience research issues A host of contributions from French speaking scholars question and analyse the participatory turn in media and communication research that has emerged over the last 15 years This collection brings together high quality theoretical and empirical contributions in order to promote scientific discussions and debates between English and French speaking academics Ségur contextualizes the paradigmatic evolution of media communication explaining how participation has become an imperative in media devices In the first section authors explore often critically types of participatory media formats such as radio television and the internet In the second section authors focus on the participatory performances of audiences in public media spaces Analysis is made of online forums the phenomenon of lurking and of urban spaces This book provides viewpoints from a range of disciplines including social anthropology information and communication sciences and media studies *Analyzing Websites* Luc Massou, Patrick Mpondo-Dicka, Nathalie Pinède, 2024-01-31 From a cluster of interconnected HTML pages to online service platforms websites are constantly changing in form and function These transformations have led on the one hand to human and social sciences renewing or inventing analytical methodologies and on the other hand to a reconsideration of the practices of non specialists and digital professionals The Web factory is equally included on the agenda of communication training according to an alternative approach that is complementary to the one that has been implemented for computer scientists From these two perspectives and drawing upon several case studies Analyzing Websites presents epistemological and methodological contributions from researchers in Information and Communication Sciences exploring websites as sociotechnical semi discursive and communicational devices This study covers website design as well as their integration into the digital strategies of organizations in the public associative and private sectors *Organisation des Connaissances à L'Ere Numérique* Boure Robert, 2007 **Planète Com : attraits et dépendances** Lise Nanteuil, 2012-01-01 Tout ce que vous n'avez jamais osé demander pour éviter d'avoir l'air stupide sur l'ADSL le câble la fibre optique le Wi-Fi le Bluetooth le microblogging les forums les réseaux sociaux le Web Internet Avec cet ouvrage vous apprendrez le monde du Net pour le meilleur et pour le pire Le printemps numérique Jacques Folon, 2015-07-01 Pour une meilleure compréhension du monde dans lequel nous vivons et une préparation aux défis des nouvelles technologies Comment ne pas constater aujourd'hui que

des mutations technologiques successives et de plus en plus rapides Internet médias sociaux connexion permanente smartphones tablettes ont radicalement transformé notre société occidentale avec des conséquences importantes en matière de comportements et d'interactions dans la sphère privée professionnelle ou académique Notre société occidentale est en pleine mutation face des bouleversements technologiques dont les conséquences pour nous tous sont aussi importantes que celles apportées pratiquement par la critique ou l'imprimerie Les printemps arabes qui ont bouleversé le contexte politique de l'Afrique du Nord ne sont qu'un des éléments du printemps numérique qui modifie de fond en comble nos façons d'être et d'agir Le Web 2.0 avec ses acteurs comme Google et Wikipedia les médias sociaux comme Facebook ou Twitter l'arrivée d'une génération connectée les remises en cause de la propriété intellectuelle ou de la vie privée modifient déjà et continueront bouleverser le fonctionnement de notre société de ses entreprises de son enseignement Mais il ne faut pas trop naïf ni trop idéaliser notre monde connecté modifié par le printemps numérique L'enfer du burn out n'est jamais très loin du paradis de la connexion permanente Une analyse approfondie des bouleversements engendrés par le printemps numérique
