Du pouvoir des mots ou de l'histoire des histoires... de nos histoires Abdo Kahi, 2014 Intercultural Learning in Modern Language Education Erin Kearney, 2015-11-02 Many educators aim to engage students in deeply meaningful learning in the language classroom often facing challenges to connect the students with the culture of the language they are learning This book aims to demonstrate that substantial intercultural learning can and does occur in the modern language classroom and explores the features of the classroom that support meaningful culture in language learning The author argues that transformative modern language education is intimately tied to a view of language learning as an engagement in meaning making activity or semiotic practice The empirical evidence presented is analyzed and then linked to both the theorizing of culture in language teaching and to practical concerns of teaching
