Leacutepopeacuttee Du Rastafarisme:

The Wisdom of Rastafari United Africa, 2011-05-21 The Rastafari movement or Rasta is a monotheistic new religious movement that arose in a Christian culture in Jamaica in the 1930s Many of its adherents worship Haile Selassie I of Ethiopia former Emperor of Ethiopia 1930 1974 as God incarnate the Second Advent or the reincarnation of Jesus while other adherents believe that Selassie is simply their earthly king chosen by God Members of the Rastafari movement are known as Rastas or Rastafari The movement is sometimes referred to as Rastafarianism but this term is considered derogatory and offensive by some Rastas who dislike being labeled as an ism The Rastafari movement encompasses themes such as the spiritual use of cannabis and the rejection of western society called Babylon from the metaphorical Babylon of the Christian New Testament It proclaims Africa also Zion as the original birthplace of mankind and embraces various Afrocentric social and political aspirations such as the sociopolitical views and teachings of Jamaican publicist organizer and black nationalist Marcus Garvey also often regarded as a prophet Rastafari is not a highly organized religion it is a movement and an ideology Many Rastas say that it is not a religion at all but a Way of Life Most Rastas do not claim any sect or denomination and thus encourage one another to find faith and inspiration within themselves although some do identify strongly with one of the mansions of Rastafari the three most prominent of these being the Nyahbinghi the Bobo Ashanti and the Twelve Tribes of Israel Rastafarians Girma Yohannes Iyassu Menelik, 2009 Document from the year 2009 in the subject History America University of Bremen language English abstract The emergence and expansion of Rastafarianism has been a subject for some scholarly study in the Caribbean The movement has flourished in due process as an outlet to a huge social and psychological confusions and decades long conflicts inside the movement and society of the islands To many sociologists it is the inevitable consequence of Africans in Diaspora people seeking to define their own identity and psychological needs It is a movement created not by a revolution but out of confusions and in search of their roots with a Black God on the top Rastafarianism presents a mixture of politics and theology that has emerged out of its formative years as they call it in the Babylon In creating their own religion the Rastafarians depend not only on the historical social or empirical experience of African descendants in the Diaspora but also for their own analysis to determine an active plan for liberation Regardless of other social norms they draw on the transcendental sources of human sensibility theocracy and imagination For as persons who see themselves to be persecuted wronged and deprived to be all but trapped in a situation of persistent material poverty including cultural degradation the only way they see to get out of this situation Babylon is through an apocalypse From the early Christian history we know that small groups who have worshipped false gods or established their own Temples never succeeded and their religions have corroded including their followers However it seems different with the Rastafarians because their movement is growing stronger speeding in almost all the continents This book is in part a revised version of both books *Babylon Must Fall* Germany 1989 and *The Rastafarians In search of Their Identity* Puerto Rico 1985 and in part
