Jay Report Mental Health:

Mental Health in Mental Retardation Nick Bouras, 1995-08-24 Dual diagnosis current and evolving aspects of treatment and service provision are addressed by an interdisciplinary international team of professionals

Care Planning in Mental Health Angela Hall, Mike Wren, Stephan Kirby, 2013-08-05 Care planning and delivery are essential parts of everyday practice for all mental health practitioners This new edition of Care Planning in Mental Health Promoting Recovery moves away from a professionally oriented model of care planning towards the active promotion of the personal narrative as being central to planning effective mental health care It outlines essential concepts linked to the recovery process which is carried out in partnership with people with mental health problems and those closest to them New to this edition A stronger more explicit focus on recovery A unique interpretation and explication of the recovery process A greater promotion of the centrality of personhood Examples drawing on a range of international perspectives and experiences Enhanced user friendly pedagogy including practical case illustrations and first hand accounts throughout Care Planning in Mental Health Promoting Recovery is an ideal resource for anyone involved in the field of mental health care It is also a valuable learning resource for students studying mental health care and the qualified and experienced practitioner wishing to gain a fresh approach to planning recovery focused care

Key Debates in Psychiatric/Mental Health Nursing John R Cutcliffe, Martin Ward, 2006-10-12 This book is unique because no other psychiatric mental health nursing text has ever brought together opposing or contrasting views of the same issue and subsequently invited two separate chapters to be written in order to articulate the different perspectives in the debate Further no book has then followed up such a wide and thorough discussion by inviting a third party to offer commentary The purpose of this book is to present a range of key issues that psychiatric mental health nurses face They are practice policy research and education related issues The purpose then is to present the most complete balanced arguments possible in order to inform educate and stimulate psychiatric mental health nurses Furthermore the purpose of the book is to make psychiatric mental health nurses more aware of the often uncertain nature of much of psychiatric mental health nursing practice and knowledge Psychiatric mental health nursing is not characterised by black and white easily delineated issues and is perhaps characterised by various shades of grey Indeed it is often stated as axiomatic that psychiatric mental health nurses can be described as a broad church Consequently the purpose of this book is to help psychiatric mental health nurses appreciate this broad church be able to understand the various shades of grey be able to understand that often there are differing views inconclusive arguments and contentious debates and for this to influence their clinical practice As the international range of contributors illustrates these debates to a greater or lesser extent are issues and debates that psychiatric mental health nurses face the world over these are matters of real international importance and significance These issues have been touched upon and to a limited extent debated at psychiatric mental health nursing conferences and to an even lesser extent within some psychiatric mental health nursing

journals Thus they are real issues that many nurses are facing talking about and trying to resolve key debates are presented with arguments from opposing viewpoints followed by a third party commentary to give readers the necessary information to form their own view written by a range of international authors from different countries across three continents one of the first psychiatric mental health nursing books to explore the pedagogical value of debate **Mental health nursing** Anne Borsay, Pamela Dale, 2015-07-01 This book seeks to integrate the history of mental health nursing with the wider history of institutional and community care It develops new research questions by drawing together a concern with exploring the class gender skills and working conditions of practitioners with an assessment of the care regimes staff helped create and patients experiences of them Contributors from a range of disciplines use a variety of source material to examine both continuity and change in the history of care over two centuries The book benefits from a foreword by Mick Carpenter and will appeal to researchers and students interested in all aspects of the history of nursing and the history of care The book is also designed to be accessible to practitioners and the general reader

Learning and Intellectual Disability Nursing Practice Kay Mafuba, 2023-03-30 This well respected core text provides a comprehensive solid foundation for students of nursing and practitioners who care for and or support people with learning intellectual disabilities in a range of health and social care settings and scenarios This book addresses learning intellectual disability nursing from various perspectives including historical and contemporary practice health promotion interventions for good mental health people with profound disabilities and complex needs care across the lifespan and forensics This new edition has been comprehensively updated throughout and now includes two entirely new chapters One covers liaison nursing and the other explores the future for learning intellectual disability nursing The book includes numerous case studies and learning activities to support the reader as well as remaining clinically relevant Uniquely this text is linked and benchmarked to the Nursing and Midwifery Councils UK Future Nurse Standards of Proficiency and the Nursing and Midwifery Board of Ireland s Competencies for nursing students This text is essential reading for anyone studying learning intellectual disabilities at undergraduate and post graduate levels it will also be a useful resource for the wider family of nursing as well as health and social care professionals

Learning Disability Nursing Bob Gates, Kay Mafuba, 2014-12-12 Learning Disability Nursing Modern Day Practice provides a solid foundation that allows health care practitioners to care for and or support people with learning disabilities in a range of health and social care settings and scenarios The book addresses learning disability nursing from various perspectives including history and modern day practice

A History of Mental Health Nursing Peter Nolan, 1998 Peter Nolan presents a history of psychiatric nursing which contrasts the distress of those who have experienced mental illness with the pioneering efforts of psychiatrists and psychiatric nurses

Caring for People with Learning Disabilities Chris Barber, 2015-03-15 From the Foreword by Cecilia Anim OBE RCN President 2015 2018 an enjoyable touching and inspirational read for all those involved in the lives of people with learning disabilities Caring for People with Learning Disabilities is a concise introduction

to the subject which covers all aspects of the care and support of the learning disabilities patient for the non specialist All people with learning disabilities are entitled to the same high standard of care as people who do not have a learning disability and to have their health and care needs met in full The vast majority of student nurses practising nurses and healthcare professionals are not learning disability specialists but they still need to provide care for patients with learning disabilities often for health needs that are not related to the person s disability The book covers a wide range of issues and aims to Improve knowledge and understanding of what learning disability is and what it means to live with a learning disability Provide practical advice and suggestions to improve the quality of care provided to people with learning disabilities Written in a jargon free style the book has numerous practical examples and case studies to help the reader frame the special requirements of the learning disabilities patient in the healthcare setting This book will help nurses and carers improve their understanding of learning disability and provide the high quality care to which people with learning disabilities are entitled
