## **Le Sport En Prison:**

**Le sport en prison** Laurent Gras, 2005-02-01 Une approche historique permet de constater que l'introduction des activités sportives en prison a d'abord été motivée par une logique disciplinaire. Puis avec le temps la pratique du sport en détention est devenue un outil éducatif participant à l'insertion des détenus. Comment concevoir ces activités comme un réel moyen de réinsertion ? D'une part en raison de leur capacité à fournir aux détenus l'opportunité de réactiver ce qui constituait une partie de leur identité sociale. D'autre part en leur permettant de partir de bases normatives communes, l'aspect stigmatisant de leur statut.

**Le Sport en Prison** Gras, 2005 *Sport and prisons in Europe* Gaëlle Sempé, 2018-12-17 Improve the well being of prisoners in detention enable them to change their behavior and attitudes develop their ability to live together learn to respect others and abide by the rules and thus facilitate their reintegration into society these are the objectives of a prison sports policy. There has been growing recognition of the value of sport by the prison system. Its effects are highly beneficial to those in detention and to prison life in general. However looking at the objectives through to the challenges we can see that the link between sport and prison is a complex one and in order to understand it better and to see what lessons can be learned an in depth thinking process is required based on current scientific knowledge in this field and on state policies and practices being implemented in prisons. In the framework of its activities promoting diversity in and through sport the Enlarged Partial Agreement on Sport EPAS of the Council of Europe has been working on the subject of sport and prison since 2013 in close connection with the Council for Penological Cooperation PC CP. Following an expert seminar organised in Strasbourg in 2013 a pan European conference was held in Paris in 2014. The results of a survey which highlighted the numerous examples of good practice regarding sports programmes were discussed. The conference highlighted the need to record the different points of view regarding sport in prison at a pan European level in order to identify the real challenges. Gaëlle Sempé is a lecturer in sociology sports science and physical education training STAPS and teacher researcher at Rennes University. 2 Mr Vivian Geiran author of the foreword is chair of the Council for Penological Cooperation PC CP of the Council of Europe. The Enlarged Partial Agreement on Sport EPAS is an agreement between a number of Council of Europe member states 38 as of 1 January 2018 which have decided to cooperate in the field of sports policy. As an enlarged agreement EPAS is open to non member states. It works in cooperation with relevant organisations in particular with representatives of the sports movement.

**Sport and Violence: Rethinking Elias** Dominique Bodin, Luc Robène, 2018-07-26 The aim of this book in discussing Elias's theory is not to refute it. Tendentiously the theory works with its weaknesses and strong points and it has been enriched by a number of authors over time. The objective of this volume is to discuss the blind spots and more simply what is too often taken for granted namely the obvious pacifying effect of sports and or produced by sports. This analysis has been guided by two perspectives the sociological one which questions the naturalization of sport which is also the naturalization of the wildlings which have to be civilized and the other which comes

from philosophical anthropology and attempts to comprehend the long term characteristics of this union or disunion of sport and violence
