 (Ostend, Belgium),1998 The playful surrealism of Rene Magritte 1898 1967 has had a tremendous and liberating influence on
 the art of our day and this book is the first to take a systematic look at that influence Cataloging a Belgian exhibition this
 volume illustrates how some 50 contemporary artists including Artschwager Louise Bourgeois Wim Delvoye Ian Hamilton
 Finlay Boyd Webb and many more have in various ways and to varying degrees shown a conceptual kinship with Magritte s
 work Special attention in the book is paid to Magritte s sculptures which are exhibited here completely for the first time and
 which were created at the end of the artist s life These works constitute a link from Magritte s life to the present as they
 were mostly cast after his death This book even considers Magritte s legacy as reflected in such mediums as film theater
 photography video and computer art The book features over 200 images as well as text by noted art critics Edward Lucie
