

ÉTAPES DU CHANGEMENT

Le Temps De L'incertitude Du Changement Personnel Au Changement Organisationnel

Raymond Vaillancourt

Le Temps De L'incertitude Du Changement Personnel Au Changement Organisationnel:

Le temps de l'incertitude Raymond Vaillancourt, 2011-01-27T00:00:00-05:00 Raymond Vaillancourt gestionnaire d'expérience et formateur aguerri en gestion du changement propose dans son premier ouvrage une vision claire du changement. Il amène les gestionnaires à s'interroger sur leur conception même du changement sur leur vision de la crise dans laquelle se trouve l'organisation et sur les conséquences du changement. **Le temps de l'incertitude** Raymond

Vaillancourt, 2006-01-01 *Le temps de l'ambiguïté* Raymond Vaillancourt, 2011-04-22T12:14:41-04:00 Le livre propose une façon de décoder l'agir politique de même que les règles de mise en scène de cet univers. Le lecteur y trouvera donc une sorte de vademecum du manager soucieux de bien composer avec les multiples facettes du politique que sont les lois, les conseils d'administration et les conseils municipaux. *Le temps de l'insécurité* Raymond Vaillancourt, 2011-04-22T12:14:41-04:00 Une part importante des réformes dans les organisations publiques souvent annoncées en grande pompe entraînent des transformations davantage structurelles que réelles. Le principal responsable de cette sclérose des organisations l'inscurit. Après le temps de l'incertitude qui s'intéressait aux aspects administratifs du changement et le temps de l'ambiguïté qui s'attardait plutôt sur ses aspects politiques, le temps de l'inscurit aborde de front la délicate question du transfert d'inscurit du monde politique vers l'administration publique. Composer avec la turbulence voilà ce que doivent relever les managers plutôt que de se mettre à l'abri de tout changement. C'est en apprenant à ajuster leur trajectoire au fil des bouleversements tout en restant centrés sur leur but qu'ils pourront devenir des modèles pour leur organisation. Aussi ce livre leur propose des moyens efficaces pour canaliser leur inscurit dans une recherche personnelle d'équilibre qui saura générer la confiance des employés.

Hypnotic Approaches in Cancer and Palliative Care Sylvain Néron, Daniel Handel, 2014-02-14T00:00:00-05:00 This patient centered and case based eBook is intended for health care professionals who use or may decide to use clinical hypnosis in their professional work with cancer patients. With a personalized and flexible navigation system stimulating learning it provides direct access to patients' experiences and to the comments and analyses of two specialists. Each case features an original full session video recording and a full transcript of the session of real patients experiencing hypnosis focused on self-regulation, improvements in pain relief, palliation of symptoms and hope enhancement in the face of advanced or terminal cancer illness. The reader is invited to use these recordings to examine and inform his/her own practice and is encouraged to do such examination in an active and alert learning state. He/she will find several ways of incorporating hypnotic modalities at several points of the illness trajectory and in different contexts of the treatment continuum. For example, hypnosis will be observed in settings such as busy oncology clinics and at bedside as well as in the preparation and execution of medical and diagnostic procedures. Hypnotherapy addressing existential and spiritual issues will also be presented. This innovative eBook by putting emphasis on clinical relevance, interactions and skill acquisition through demonstration provides a unique opportunity to identify hypnotic phenomena and to understand the necessary modifications.

of classical hypnotic strategies clinically relevant to illness progression and hospice care Réussir le changement Christine Marsan, 2008-04-18 Cet ouvrage vise à mystifier la résistance au changement de la part de la plupart des dirigeants des managers RH et des cabinets de conseil qui la nient parfois alors qu'elle est profondément naturelle et humaine. Il permet de comprendre les mécanismes tant psychiques que sociologiques et de trouver des moyens simples de la gérer. Gérer les résistances revient aussi à libérer la force de créativité et d'innovation qui se trouve dans chaque entreprise, dans chaque collectif et au sein de chaque individu. Il va s'agir de sortir de l'inertie pour aller vers la dynamique constante du changement et en tirer des lois de résilience facilitant l'entrepreneuriat. L'auteur examine aussi le contexte plus général de notre société, le changement de paradigme qui donne une tonalité particulière aux changements aujourd'hui. Les comprendre donne de nouvelles clés et d'autres ressources pour agir autrement. En dépassant notre approche cartésienne et contrôlée, Christine Marsan réalisera un détour par l'Orient pour trouver les modes de pensées adaptés à la gestion des changements complexes.

Du coaching au mentoring Pierre Angel, Dominique Cancellieri-Decroze, 2011-03-23 Développé avec succès dans le monde de l'entreprise et la sphère privée depuis plus de trente ans aux États-Unis, au Canada et récemment en Europe, le mentoring reste peu connu en France où on le confond souvent avec le coaching. Ce concept vise à établir une relation d'échange et d'entraide entre un mentor et un mentoré sur la base du volontariat et sans rémunération managériale. Contrairement aux autres formes d'accompagnement, il recherche moins le transfert de compétences que le mieux-être des participants. Et de surcroît, la performance est au rendez-vous. Quelles sont les spécificités des pratiques et des formes du mentoring ? En quoi diffère-t-il du coaching, de la formation, du tutorat ou du conseil ? Comment ses résultats sont-ils évalués ? Qui sont les mentors et les mentorés ? Dans ce livre, qui fait appel à deux experts du domaine, apportent les réponses nécessaires, ceux qui s'interrogent sur la place de l'individu dans son environnement de travail et sur le meilleur fonctionnement de l'entreprise. **Les défis du**

partenariat dans les administrations publiques Michel Boisclair, Louis Dallaire, 2008-01-19 T00:00:00-05:00 travers une vision systémique, cet ouvrage présente différents aspects et paramètres à prendre en compte dans la mise en œuvre et la gestion des partenariats qu'ils soient privés, publics, communautaires. S'appuyant sur des pratiques inspirées du secteur privé, il explore différentes options permettant de réaliser des équipements et des services collectifs en gérant mieux leurs ressources particulièrement financières. Il propose quelques exemples d'application qui interresseront certainement les gestionnaires des réseaux, les professionnels et les étudiants soucieux d'approfondir leur réflexion autour des partenariats.
