Qatar 1975/76-2019 Anthony Axon, Susan Hewitt, 2020-09-25 The fourth in this series the Contemporary Archive of the Islamic World CAIW this title draws on the resources of Cambridge based World of Information which since 1975 has followed the politics and economics of the region Qatar s documented history begins in the mid 19th Century Its location established it as having close if differing links to Bahrain Kuwait and Saudi Arabia Notionally under Ottoman rule Qatar did not become a de facto protectorate of Great Britain until some time after the end of the Ottoman empire The discovery of oil in Qatar happened later than was the case with its neighbours However the discovery of substantial oil deposits and later of enormous gas reserves changed Qatar beyond recognition

allowing it to claim in the 1980s that its inhabitants were the richest people on earth. Still a semi feudal monarchy it gained full independence in 1971 but was initially considered to be the least developed state in the Gulf. By the 21st century many close neighbours felt that in a number of respects Qatar was becoming an unreliable partner. To the extent that in 2017 a number of its fellow Gulf Cooperation Council GCC members as well as other states notably Egypt broke off diplomatic relations.

External Powers and the Gulf Monarchies Jonathan Fulton, Li-Chen Sim, 2018-09-03. The Gulf monarchies have been generally perceived as status quo actors reliant on the USA for their security but in response to regional events particularly the Arab Spring of 2011 they are pursuing more activist foreign policies which has allowed other international powers to play a larger role in regional affairs. This book analyses the changing dynamic in this region with expert contributors providing original empirical case studies that examine the relations between the Gulf monarchies and extra regional powers including the USA, Russia, China, India, Brazil, Turkey, Japan, South Korea, France and the United Kingdom. At the theoretical level these case studies explore the extent to which different international relations and international political economy theories explain change in these relationships as the regional political and security environment shifts. Focusing on how and why external powers approach their relationships with the Gulf monarchies, contributors ask what motivates external powers to pursue deeper involvement in an unstable region that has seen three major conflicts in the past 40 years. Addressing an under analysed yet important topic, the volume will appeal to scholars in the fields of international relations and international political economy as well as area specialists on the Gulf and those working on the foreign policy issues of the extra regional powers studied.

La politique culturelle du Qatar Lorraine Engel-Larchez, 2015-07-01. Depuis une dizaine d'années le Qatar a réussi à imposer sur l'échiquier géopolitique du Golfe. Mais qu'en est-il de sa politique culturelle ? Avec une histoire indépendante de peine plus de 40 ans, Doha n'a pas hésité à inventer un patrimoine occidental. Derrière cette image d'ouverture se

Putain ! Trois ans ! (mai 2012 - mai 2015) Robert Chaudenson, 2015-11-08 Cet ouvrage fait suite Chronique de la Présidence très horridique du petit Nicolas Il y a dans Putain Trois ans une allusion directe Putain Deux ans formule que la marionnette de Chirac rendit célèbre en 2007 Si l'exclamation est presque la même son sens est ambigu et sa portée très différente Elle convient aussi bien une droite qui se tord les mains de douleur sur ces trois funestes années socialistes qu'une gauche qui au contraire s'enthousiasmerait de tout ce qui a été accompli

Qatar papers Christian Chesnot, Georges Malbrunot, 2019-04-18 Comment l'émirat finance l'islam de France et d'Europe Le nouvelle enquête de Christian Chesnot et Georges Malbrunot Les Qatar papers révèlent la cartographie du prosélytisme en France et en Europe mené par Qatar Charity la plus puissante ONG de l'émirat Ces documents confidentiels divulgués pour la première fois décortiquent la plupart des 140 projets de financement de mosquées écoles et centres islamiques au profit d'associations liées à la mouvance des Frères musulmans Ils dévoilent le salaire payé Tariq Ramadan figure de l'islam politique que Doha sponsorise hors de ses frontières

Au terme d'une enquête dans six pays européens et une douzaine de villes de l'Hexagone les auteurs exposent la dissimulation parfois le double langage des associations islamiques sur leur financement étranger ainsi que la politique de l'autruche suivie par de nombreux maires par l'écritisme ou l'ignorance Ils pointent l'absurdité de la situation avec le seul argent des fidèles comme subside comment les mosquées en France pourraient-elles se priver des aides venues de l'étranger Un voyage dans les coulisses d'une ONG richissime et opaque liée au sommet de l'état qatarien comme le révèle son financement par plusieurs membres de la famille royale du Qatar Une contribution essentielle au débat sur les ramifications étrangères de l'islam de France au moment où Emmanuel Macron cherche à le structurer

L'Exception tunisienne. Chronique d'une transition démocratique mouvementée Nicolas Beau, Dominique Lagarde, 2014-10-23T00:00:00+02:00

Alors que les printemps arabes tournent au fiasco en Syrie et en Égypte la Tunisie se tourne progressivement vers la démocratie Malgré une année 2013 marquée par deux assassinats politiques l'apparition de noyaux djihadistes et les rumeurs persistantes de coups d'état les principales forces politiques du pays ont réussi à s'entendre sur une nouvelle constitution Ce texte adopté par une Assemblée constituante majoritairement islamiste mais confrontée à une société civile tenace a permis la nomination d'un gouvernement d'indépendants Comment en est-on finalement arrivé après presque quatre années d'une transition chaotique à cet improbable pacte national Entre rapports de force arrangements secrets et tentatives de déstabilisation les auteurs révèlent les alliances entre islamistes et diplomates occidentaux les véritables conditions du départ du Président Ben Ali les financements occultes du parti islamiste et ses relations avec les salafistes Ils retracent l'histoire d'une marche vers la démocratie sans équivalent dans un monde arabe et musulman en pleine décomposition après les espoirs suscités par les printemps arabes Nicolas Beau a travaillé au Monde Libération et au Canard Enchaîné Il dirige aujourd'hui Mondafrique.com Il a publié 11 livres parmi lesquels La Régence de Carthage et Le Vilain Petit Qatar Dominique Lagarde spécialiste du monde arabe couvre la Tunisie depuis plus de 30 ans Elle a été grand reporter L'Express
