Rev. Lawrence C. Spencer, 2017-02-09 Have you ever had that sinking feeling that you were missing out on something very valuable in your ministry but just couldn't put your finger on it? Well, these resources for adventures in service to God for the church are valuable assets to those seeking a dynamic experience in God's Kingdom work. To invest yourself in Larry Spencer's Ministry of Helps Manual and Workbook can enhance your ministry and greatly format your service with usable hands-on tools that complete your tool chest. Bring these practical things home and put them to work. Great results have already been seen from individuals who respect God's Word and value what it can bring to the Board room as well as to the church service. You will not be sorry you invested in this training for you and your ministry team.

Rev. Lloyd Tremain, Paradise Community Church of the Nazarene: A thorough practical and much needed Biblically sound treatment. Wish it had been available 20 years ago when I could have used it to a great positive effect.

Dan Wilderman, Retired Assemblies of God Pastor: The order and practical instruction presented will benefit all organizational levels of any Christian Church today.

John Steffensen, Radio Host Christ Today KKXX Radio Chico, CA: Hopefully this manual will lay the groundwork for pastors and churches to spread the burden and get others involved in the work of the ministry. I once had a pastor that was often unprepared for a service because he was busy helping a parishioner with some needed chore or church maintenance or the myriad other duties needed to keep a church going. The result was that the church stayed the same size. Some leave, others enter. But no growth was apparent despite the considerable preaching talents of the pastor. God is apparently making sure he has only the amount of people that he can handle. We learn that the ancient church had some of the same challenges we face today. Acts 6:14 says, "Now in those days when the number of the disciples was multiplying, there arose a complaint against the Hebrews by the Hellenists, because their widows were neglected in the daily distribution. Then the twelve summoned the multitude of the disciples and said, 'It is not desirable that we should leave the word of God and serve tables. Read this as doing manual labor. Therefore brethren, seek out from among you seven men of good reputation, full of the Holy Spirit and wisdom, whom we may appoint over this business of the manual labor, but we will give ourselves continually to prayer and to the ministry of the word.' It was even bringing strife to the local body. What did they do? And what was the result? The first thing the apostles did was pick out people they knew to be wise and that had had received the baptism of the Holy Spirit and appointed them to do practical ministerial duties, the manual labor. This freed up the apostles so they could minister the Word of God.

Wow Gods way is so simple and our grandiose plans just waste time and get nothing done Pastors need to learn from the apostles and appoint over this business so the pastors has more time to do the spiritual work that promotes Gods church This manual gives a road map for accomplishing the goal of choosing and training people and tips for managing them **Making Disciples, Making Leaders** Steven P. Eason,2004-01-01 This book offers a model for selecting and training church officers that is grounded in spiritual discernment and development The book begins with a biblical understanding of leadership moves into consideration for how to train a Nominating Committee to select leaders according to the biblical vision and then offers a step by step plan for a training event with three components The training plan is designed to build up the church leaders spiritually and to set their work in the context of discipleship as well as to teach them some of the fundamentals of the rules of governance of their denomination The book concludes with concrete suggestions for how future work of the church board can be structured to reflect the emphasis highlighted in the training session *Synergy* Ms. Ann A. Michel,2017-02-27 The people are the church not just the pastor Yet in many congregations there is a heavy imbalance in the ownership of ministry Clergy and paid staff are seen as God s agents in the world and congregants as occasional participants Sometimes clergy and other leaders perpetuate this imbalance Ann Michel presents a more inclusive collaborative understanding of ministry which affirms the gifts and calling of both clergy and lay servants She uses the concept of synergy as a theological framework undergirding this approach Michel lays out an inclusive and collaborative paradigm of ministry affirming the work of both lay and clergy servants Synergy also provides practical advice on the day to day skills of synergistic or collaborative ministry how to engage others in ministry how to build teams how to manage meetings how to develop others as leaders etc The book helps church workers paid and unpaid understand how their ministry relates to the mission of God and the ministry of the church and provides practical guidance on the interpersonal ministry skills essential to any expression of collaborative ministry Synergy is both a practical and deeply spiritual resource that helps provide a more collaborative way of thinking about ministry shared between clergy and laity Ann has captured the challenges that can present themselves as laity serve in ministry not only from her research but also from her personal experience as a lay person and respected Seminary theologian and she offers practical ways to equip laity to fully live in this call of lay servants and lay staff members As a lay person who has served on a church staff for more than 23 years understanding this synergistic energy articulated so well in Ann s writing has reignited my passion and affirmed my call Debi Williams Nixon Managing Executive Director The United Methodist Church of the Resurrection [The Marketplace Ministry Handbook](#) Robert J. Banks,R. Paul Stevens,2005 Work has become for many people the central reference point in their lives and the main consumer of their time and energy Whether people have much or little money is what much of life revolves around There is an implicit theology in everyone s attitude to and handling of work This book looks at the relationship between God and the marketplace at work as a spiritual discipline and at how to handle some of the main pressures and dilemmas that arise in a
